Members of the Board of Education
Kenai Peninsula Borough School District
Soldotna, Alaska 99669

The Kenai Peninsula Borough School District (KPBSD) presents you with the comprehensive budget for fiscal year 2014. The District Superintendent and Assistant Superintendent of Instructional Support assume responsibility for the accuracy of information contained within this document. The budget document and the year-end Comprehensive Annual Financial Report (CAFR) are the primary media for presenting the financial plan and the report of operations to the public.

We welcome the opportunity to present and discuss the instructional, operational, and financial plans in an open forum. We believe community interaction between interested parties leads to improvements benefiting the educational experience of children in the Kenai Peninsula Borough School District.

A concerted effort has been made to continue to improve the readability of our budget document while conforming to requirements set forth in the Alaska Department of Education Uniform Chart of Accounts and Account Code Descriptions for Public School Districts and Association of School Business Officials International (ASBO). This effort resulted in the district's receipt of the Association of School Business Officials International (ASBO) Meritorious Budget Award (MBA) in fiscal year 2013. The Kenai Peninsula Borough School District is proud to be one of only 121 recipients nationally and one of two Alaskan districts to have been awarded the MBA in fiscal year 2012.

Organizational Component

The Kenai Peninsula Borough was incorporated into a second-class borough on January 1, 1964. This form of government includes an elected mayor and a nine-member assembly. The District encompasses the same geographic territory as the Borough and is roughly 25,600 square miles in size. There are 43 schools operating in 21 communities ranging in size from approximately 10 students to some with over 500 students. The district has urban schools, as well as the truly rural, with locations accessible only by air or by boat.

Pursuant to Alaska Statute 29.35.160. Education, the Kenai Peninsula Borough has the responsibility for establishing, maintaining, and operating a system of public schools. The Kenai Peninsula Borough has delegated the administrative responsibilities to the Kenai Peninsula Borough School District, Board of Education.

The Kenai Peninsula Borough School District is operated as a component unit of the Kenai Peninsula Borough and is governed by a nine-member school board with members elected by district and complemented by a non-voting student representative. Financial data for the school district is also reported in the Kenai Peninsula Borough budget and Comprehensive Annual Financial Report.

The Superintendent administers the District with the help of an Administrative Leadership Team and input from site-based councils representing the schools.

In the State of Alaska, the number of students enrolled in a district during the 20-school day count period is the basis for computing the Average Daily Membership (ADM) that is used to calculate the amount of state funding provided to each district. Adjustments to the ADM for school size,

Budget Process

The budget process is comprised of five distinct components: planning, preparation, adoption, implementation, and evaluation.

The planning and preparation phases began with building administrators submitting their enrollment forecasts for the FY14 school year. At the same time, district administration also prepared enrollment forecasts. A straight-line movement of students advancing in grade was used as the model for forecasting, along with input from principals and other local stakeholders to generate the estimates of student enrollment for FY14. This student enrollment forecast, which is the basis for budget development, was presented to the School Board in November 2012. It is important to note that in October 2012, the district reported 9,065 students enrolled, which was over the projection for FY13 of 8,871. That increase in FY13 brought the total loss in enrollment to 1,331 students since FY97, from the district peak of 10,396 students. The hope is that this trend in declining enrollment is slowing or possibly leveling off. Enrollment is a significant factor in developing revenue projections for this and future budgets.

The adoption process started in January 2013. Community members, building administrators, District Office administrators, Borough Assembly members and School Board members provided input. The budget was analyzed and modified to address the needs of the District while balancing expenditures to available revenue. Budget presentation meetings were held in the larger communities of Homer, Soldotna, and Seward. Additionally, the budget was presented in a joint work session to the full bodies of the Borough Assembly and School Board in March 2013.

The initial budget was approved by the School Board on April 1, 2013. The Kenai Peninsula Borough School District, Board of Education, is required by Alaska law to adopt and submit an annual budget to the Kenai Peninsula Borough Assembly by May 1 of each year for approval by the Assembly. Within 30 days after receipt of the School District budget, the Borough Assembly must determine the total amount of funds to be made available from local sources for school purposes and must furnish the Board of Education with a statement of this amount. By May 31, the Assembly must appropriate the local share of funding. Any subsequent changes to the School District budget must be authorized by the Borough Assembly.

**Kenai Peninsula Borough School District
Budget Process**

Implementation of the budget is effective on July 1, 2013, marking the beginning of fiscal year 2014, which will run through June 30, 2014. The evaluation phase will begin in August 2014 with the arrival of our independent auditors.

4th - Borough Assembly Ordinance Vote

Alaska Statute 14.14.060. Relationship Between Borough School District and Borough; Finances and Buildings. (c) Except as otherwise provided by municipal ordinance, the borough school board shall submit the school budget for the following school year to the borough assembly by May 1 for approval of the total amount. Within 30 days after receipt of the budget, the assembly shall determine the total amount of money to be made available from local sources for school purposes and shall furnish the school board with a statement of the sum to be made available. If the assembly does not, within 30 days, furnish the school board with a statement of the sum to be made available, the amount requested in the budget is automatically approved. Except as otherwise provided by municipal ordinance, by June 30, the assembly shall appropriate the amount to be made available from local sources from money available for the purpose.

Significant Issues

The financial condition of the school district is, and will continue to be, a pressing concern for the future. The State Public School Funding Program sets the amount of general school funding (foundation funding) the School District receives from the State and it also sets a limit on the amount that can be raised from local sources under an equalization section of the formula. The Kenai Peninsula Borough is the local funding source for the District and for many years, the School District was consistently funded to the maximum allowed from local governmental funding (the cap). During FY10, the School District received some additional revenue from the State, which could have resulted in additional local funding. However, the School District did not request the additional local funding, which resulted in FY10 final local funding below the maximum allowed for the first time.

In FY11 and FY12, local contribution by the Borough was also less than the maximum allowed. For FY13, the Borough contribution fell below the prior year contribution for the first time. In FY13, the legislature changed the Foundation formula calculation, shifting more funding responsibility to the State and lowering the maximum local contribution allowed. Originally, the maximum allowable contribution was \$47,040,962 and the district requested \$44,500,000. With the change in the formula, the maximum allowed dropped to \$44,454,384 and the borough

funded \$43,000,000. For FY14, the Borough has budgeted \$43,500,000 in local effort.

The legislature has been reluctant to make additional changes within the foundation funding formula since the revision in 2008, preferring to offer one-time funding for targeted uses for the past several years. While the additional funding is very much appreciated, one-time funding does not provide a stable source of revenue to allow for long-term planning.

Enrollment Projections

The process used to project the FY14 enrollment is based on a straight-line projection for most schools as of October 26, 2012. The steps involved in formulating the enrollment projection of 8,873 were:

- Grades at school site were moved ahead one grade level (except charter schools).
- Charter school enrollment projections are in concert with the contractual agreement between the School District and the charter school.
- AR 6183 (c) notes the enrollment staffing/funding for Homer Flex, Kenai Alternative, and Kenai Youth Facility.
- Kindergarten enrollment was based on the average of actual enrollment for FY12 and FY13 and administrator recommendations.
- Sites affected by feeder schools were adjusted appropriately.

Changes in enrollment have a dramatic impact on the District's Public School Funding Program revenue from the State. It is hoped that a long running enrollment decline could be leveling off.

General Fund Revenues and Expenditures

Revenue Budget

The revenue budget of \$147,081,040 along with the use of fund balance designated for Self Insurance in the amount of \$1,710,000 and use of fund balance in the amount of \$2,066,720 totaling \$150,857,760 was developed based on the enrollment projection of 8,873 students, The FY14 base student allocation of \$5,680, district cost factor of 1.171, or 100% of ISER and an intensive needs factor of 13 were unchanged from FY13.

This revenue budget also reflects an increase in local effort of \$500,000 for a total local funding of \$43,500,000. With this amount of local effort funding approved by the Borough Assembly, an allocation of fund balance is anticipated in the amount of \$3,776,720 to offset the difference between projected revenues and expenditures.

The Alaska Legislature passed HB273 in March 2008, enacting several changes to the school funding formula statute. The changes provided greater stability in financial planning because increased base student allocation (BSA) amounts were spelled out for FY09, FY10 and FY11. Incremental increases were also seen in the intensive needs and the district cost factors of the formula through FY13.

The substantial State funding increases from FY09 though FY13 were unprecedented in Alaska in the previous 15 years. The State increases resulted in corresponding increases to the local maximum contribution, which led to the movement away from maximum or "at the cap" funding. In FY13 a change by the state in the formula revised local support downward. Local effort was previously calculated at 4 mills of the assessed valuation but that has changed to 2.65 mills, so the state has assumed a larger share of funding.

In FY12, FY13, and FY14 the State provided additional one-time funding to the district. While additional funds are appreciated, one-time funds do not provide the same stability for budgeting provided by incremental changes to the funding formula.

Federal funding, from historical sources, is expected to continue at reduced levels; the budget was prepared with the most current information available from the Department of Education and Early Development. Although additional funding through increases to the funding formula have been received, costs of labor, retirement benefits, health care, property and liability insurance, and energy continue to increase as well.

The District hopes to receive continued legislative assistance through “on-behalf” payments made directly to the Division of Retirement on behalf of the District to cover part of the District’s Teachers’ Retirement System (TRS) and Public Employees’ Retirement System (PERS) unfunded liability. However, this assistance is awarded annually; there is concern about the State’s long term ability to continue this assistance.

Expenditure Budget

The expenditure budget of \$150,857,760 is based on the enrollment projection of 8,873 students and other consideration noted below.

Accounts not under site administrator control include salary, benefit, and utility (water, sewer, garbage, electricity, fuel for heating, and telephone) accounts. These budgets were developed by district office staff.

The FY14 budget was developed based on the following significant elements:

- Programmatic staffing that was implemented in FY09 is still included in the formula that were used to create this budget.
- Salary and benefit accounts have been adjusted per the enrollment projection. Employees have been stepped on the salary schedules and employer-paid benefits include 22% for PERS and 12.56% for TRS. Salary and benefit cost comprise approximately 80% of this budget.
- The FY14 Budget includes an increase to the employer-paid amount per covered employee to \$16,200. The Health Care Plan Committee, through the collective bargaining agreements, is tasked with overseeing cost containment of the health care program. Health care costs comprise approximately 12% of the budget and 15% of the total salary and benefit amount.
- Schools are staffed base on staffing formulas that fit their size and configuration as follows:

- Supply and copy budgets have been adjusted based on the enrollment projection. Science and Social Studies curriculum is slated for review in FY14.
- Utility budgets have been rolled forward with some adjustments, including a decrease in electricity, fuel for heating and garbage. With recent increases in oil prices, those budgets will be monitored for possible changes during the budget revision cycle. Utilities comprise approximately 5% of the budget.
- Budgets for property, liability and stop-loss insurance and worker's compensation costs, which are received as In-Kind Services from the Kenai Peninsula Borough, include the most recent insurance premium estimates.
- A fund transfer has been included for the Student Nutrition program in the amount of \$750,000 and a fund transfer for the community theater in the amount of \$25,000.
- Equipment budgets for FY14 include:
 - Equipment to support Connections program.
 - Equipment to maintain technology infrastructure per the Technology Plan.

Major Goals and Objectives

The budget is a reflection of the Kenai Peninsula Borough School District Board of Education's beliefs, goals, and strategies. The mission of the Kenai Peninsula Borough School District is to develop productive, responsible citizens who are prepared to be successful in a dynamic world. The School Board annually defines goal:

Board of Education Goals

Board goals for FY14 were set at the July 1, 2013 board planning session. Board goals for FY14 are:

- 1) By December 2013, the District will review, evaluate, and reduce, as required, the budget based on strategic priorities and fiscal and enrollment realities.
- 2) By June 2014, District will design and implement an objective process to gather comparable student achievement data from high performing school districts. When superior systems are identified, investigate their processes and, as possible, apply them to KPBSD.
- 3) By June 2014, prepare for the FY15 negotiations by collaborating with the employee associations and by researching applicable statutes to determine District alternatives.
- 4) By October 2013, complete facilities goal begun in FY13.

District Goals

2012-2017 KPBSD Strategic Plan

Guiding principles

- Each student can learn and be successful
- Every student is recognized as unique, valuable, and is treated with respect and dignity
- Learning is a lifelong process
- The educational environment is safe, engaging and purposeful.
- Our students' educational experience depends on understanding and working with diverse communities
- Early identification of strengths and weaknesses is crucial to ensure overall development and achievement
- High standards and expectations are essential for student success and preventing student failure
- Continuous improvement is student-centered, data-driven, and collaborative
- Differentiated learning opportunities are integral to all instruction
- A rigorous curriculum challenges students
- Collaboration and effective instruction are district commitments
- Teachers are facilitators of learning and agents of inspiration
- KPBSD graduates are prepared for post-secondary education and, or, career ready
- All financial decisions are student centered and sustainable

District Goals – Three focus areas

Academic Success - Deliver relevant, rigorous, standards-based curriculum in conjunction with alternative pathways and a flexible approach to ensure that every KPBSD student stays engaged, reaches high levels of achievement and graduates.

Organizational Excellence - Evolve KPBSD as a highly reliable, world-class organization that fosters a culture of innovation, attracts and retains the best-of-the-best employees, and supports an infrastructure that promotes a fluid academic environment.

Community and Family Engagement - All KPBSD schools reach out to parents and communities to promote shared value and responsibility for the process of education.

In general, changes to staffing result from changes in student enrollment numbers, with the exception of recent additional legislative funding targeted specifically at Career and Technical Education.

Financial Component

The Kenai Peninsula Borough School District receives revenue from the Federal Government, State of Alaska, and the Kenai Peninsula Borough. The majority of these funds is in the General Fund and comes as a result of the "Foundation" program jointly funded by the State of Alaska and the Kenai Peninsula Borough, with about 2/3 from the state and 1/3 from the borough. Borough-provided maintenance and insurance of buildings are required to be reflected in the general operating fund and are reported as "in-kind" revenue and expenditures.

Other forms of revenue are received in the form of categorical grants to fund specific programs and are recorded in the "Special Revenue" funds such as Pupil Transportation, and Food Services, twenty-five funds in all. Activities of the General Fund and the Special Revenue Funds are included in the annual appropriating budget.

Alaska Statute 14.14.060 states a Borough can establish a centralized treasury and is responsible for major rehabilitation, construction, and major repair of school buildings. The Kenai Peninsula Borough provides for new and capital construction, debt service, centralized treasury, building maintenance, and the cost of property and fire insurance for school facilities. All physical plant, bonded debt, capital improvement funds, tax levies, tax collection, maintenance of buildings, and insurance of buildings are accounted for by the Kenai Peninsula Borough and are reflected in their budget. As of June 30, 2013, the Borough recorded \$24,820,000 in outstanding general obligation school debt.

Since the Borough and School District operate a centralized treasury under the control of the Borough, all cash management functions are handled by the Borough except bank reconciliation of the School District zero balance payroll and accounts payable accounts and the food service/pupil activity fund bank account.

District annual enrollment change: FY02 through FY18

Beginning in FY98, the Kenai Peninsula Borough School District entered a troublesome cycle. This was the first year in which enrolling kindergarten children constituted a smaller segment of the student body than the graduating class. We began to experience a decline in our enrollment. This trend continues and the District has attempted to project future enrollments with an emphasis on conservatism.

There are a number of factors which can be traced to the source of the District's enrollment shortfalls: declining birth rates, emigration, changes to companies in local industry, and correspondence programs offered by other districts in the state. The District offers the

Connections home school program to families within the district as a local correspondence program and has been encouraged by the positive response. For the past three years, actual enrollment appears to be leveling off, if trends in number of incoming kindergarten students continue.

Capital Projects

The Borough has always provided exemplary care for facilities in the School District. This year is no exception. In addition to the bond revenue, the Borough has committed approximately \$1.675 million in additional maintenance support for the school district for FY14. Many of these upgrades will have a positive impact in operational efficiency and are expected to result in utility cost savings.

The Kenai Peninsula Borough (KPB) is responsible, with input from the Board of Education, for the Capital budget. The KPB Capital budget development process is available at: <http://www.borough.kenai.ak.us/financedept/default.htm>

Tax Base and Rate History

The Borough Code of Ordinances, section 5.12.010 (A), establishes a maximum 8.00 mill tax levy for operations of the Borough general government, including the local effort for education. The maximum is increased for the tax equivalent of the local payment for voter-approved debt. Fluctuations in the assessed value will affect the tax rate equivalents of any debt payments. The maximum mill rate that could be levied for FY14 is 8.26 mills. The approved tax rate for FY14 is 4.50 mills. The Borough has responsibility for the levy and collection of taxes to support the subordinate entities. Although the Borough historically provided the maximum operating fund revenue permissible to the District, that practice changed in FY10 and the trend continues into FY14. This was a significant fiscal change and could signal future financial difficulties for the District. The net effect for a taxpayer with a \$100,000 home and a 4.50 mill tax rate is a \$450 annual contribution for the combined operation of the Borough government and the School District.

Total tax levies declined in FY08 and FY09, primarily from a decline in Sales Tax revenue due to a voter approved initiative exempting non-prepared foods from September through May of each year. However, total tax levies have increased each year since FY10. Sales tax revenue collected by the Borough is dedicated for schools.

Performance Results

The District was able to add approximately 40 full time-equivalent (FTE) positions in FY09, due to increased state funding and a change in staffing philosophy to include programmatic staffing. These positions assisted in the District's performance results noted below. The goal is to retain this additional level of staffing in the years to come, in an effort to improve student performance and to provide sustainability for student centered programs.

Each year the Kenai Peninsula Borough School District assesses student achievement using a variety of measures: the Analytic Writing Assessment (AWA), the Performance Series, the Standards Based Assessments (SBA), and the High School Graduation Qualifying Exam (HSGQE). Some district students also take the Scholastic Aptitude Test (SAT) and the American College Test (ACT). These tests measure skills, knowledge, and performance in different ways. The information about program and individual learner strengths is used at the building and classroom levels to develop instructional goals for improvement.

The following data provides information regarding the performance of District students as well as a comparison of the performance of district students with students across the state. These results are from assessments administered during the FY13 school year.

Analytic Writing Assessment (AWA) – Analytic scoring is based on the premise that it is possible to define the components of good writing, and while a piece of writing may be excellent in one respect, there may be significant weaknesses in others. For example, a paper may be mechanically sound with exceptional vocabulary but weak in the areas of ideas and organization. The papers are graded by two scorers and the two scores are averaged to determine the paper's final score. The Analytic Writing Assessment report is formatted to provide information by district and school. The report indicates numbers and percentages of students that are scoring above or below a 3.0 score.

Performance Series – This year the Alaska Department of Education and Early Development approved testing students in grades 5 and 7 using the online computer adaptive measurement assessment, Performance Series. The test was administered in the winter of 2012 in the areas of Reading, Language Arts, and Mathematics.

The Performance Series is a nationally norm referenced test and produces a National Percentile Ranking (NPR). The NPR is the percentage of students that the selected student would be expected to score above in norm group comparison. The NPR compares a student's Scaled Scores against the Scaled Scores of the Performance Series norm sample group at the same grade level.

Standards Based Assessments – This is another State-mandated assessment consisting of three tests: reading, writing, and mathematics. The test questions are based on the Alaska Student Performance Standards in reading, writing, and mathematics. Students take the Standards Based Assessments in grades 3 through 10. There are three types of questions in each of the three tests: multiple-choice, short constructed response, and extended constructed response. Based upon their performance on each portion of the test, student achievement is identified in one of four categories: advanced, proficient, below proficient, or far below proficient. The chart indicates the percentage of students in the proficient or advanced categories.

Alaska High School Graduation Qualifying Examination (HSGQE) – This is a state-mandated assessment consisting of three tests: reading, writing, and mathematics. The test questions are based on the Alaska Student Performance Standards in reading, writing, and mathematics. There are three types of questions in each of the three tests: multiple-choice, short constructed response and extended constructed response. Based upon their achievement on each portion of the test, student achievement is identified in one of two categories: passed or not passed. In accordance with Alaska State Law, students will be required to pass all three sections of the High School Graduation Qualifying Exam in order to receive a secondary diploma.

American College Test (ACT) – The ACT is an assessment used by colleges and universities to predict student success in college. Although the test is voluntary, many colleges and universities consider ACT scores as part of their admission process. During FY13, 169 students took the ACT test.

Future Year's General Fund Projections

Forecasting the budget for future years requires making assumptions about many variable factors.

Estimates for future years are based on continued fiscal conservatism and targeting sustainability of current staffing formulas, which provides stability for students in the classroom.

The following projections were, therefore, prepared based upon current statutes with the following assumptions:

- 1) The revenues of the District are based upon the School Board approved enrollment forecasts representing basically flat enrollment at most schools.
- 2) No change in the Borough assessments (upon which the local contribution is calculated).
- 3) Since the Borough did not approve maximum funding allowable for the District again, this causes grave concerns on the part of the District for future budgets. There are funding discussions slated for fall 2013.
- 4) The State increased the measurement of taxable value in the borough to actual full tax value and decreased the mill rate multiplier from 4 mills to 2.65 mills.

More information about the funding formula may be found on the State of Alaska website in the section devoted to the Department of Education and Early Development in the School Finance area.

Acknowledgments

The preparation of this budget could not be accomplished without the efficient and dedicated services of the entire staff of the finance department and the cooperation of the building administrators, site-based councils, staff, and the Budget Review Committee. We would like to express our appreciation to all the people who assisted in the preparation of this budget. We thank you, the Board of Education, for your interest and support in planning and conducting the financial operations of the School District in a responsible and progressive manner.

The Association of School Business Officials International (ASBO) conducts a program to evaluate school district budgets. Receipt of the ASBO Meritorious Budget Award signifies recognition of the highest level of accomplishment by a school business entity. The District first received the Meritorious Budget Award for the FY03 budget document. This budget has also been submitted to ASBO International for award review and consideration.

Similarly, ASBO International offers a program to assess the School District CAFR. The Kenai Peninsula Borough School District has been the proud recipient of ASBO International Certificate of Excellence in Financial Reporting awards each year since 1989.

Respectfully submitted,

Borough and School District Relationship

The Kenai Peninsula Borough School District is operated as a component unit of the Kenai Peninsula Borough and is governed by a nine-member school board with members elected by district and complemented by a non-voting student representative. Financial data for the school district is also reported in the Kenai Peninsula Borough Budget and Comprehensive Annual Financial Report.

The Kenai Peninsula Borough Board of Education is required by Alaska law to adopt and submit an annual budget to the Kenai Peninsula Borough Assembly by May 1 of each year for approval. Within 30 days after receipt of the School District budget, the Borough Assembly must determine the total amount of funds to be made available from local sources for school purposes and furnish the Board of Education with a statement of this amount. By May 31, the Assembly must appropriate the local share of funding. Any subsequent increases in the School District budget must be authorized by the Borough Assembly.

Mission Statement

The mission of the Kenai Peninsula Borough School District is to develop productive, responsible citizens who are prepared to be successful in a dynamic world.

The District encompasses the same geographic territory as the borough and is roughly 25,600 square miles in size. There are 43 schools, estimated enrollment for FY14 is 8,873 students, operated in 21 communities ranging in size from approximately 10 students to some with more than 500. The District is truly a microcosm representing the state of Alaska. Our communities are culturally diverse, including three Native communities, and four Russian-speaking communities. We have urban schools as well as the truly remote, with some locations accessible only by air or boat. Schools on the peninsula can be found in almost any conceivable formation serving pre-kindergarten through 12th grades. The district contains a variety of school configurations that vary by community, including K-2, K-5, K-6, K-8, K-12, 3-6, 6-8, 7-8, 7-12 and 9-12 in 36 brick and mortar schools, 4 charter schools, 2 alternative high schools, one school in a youth facility as well as a home-school program.

Major Goals and Objectives

The budget is a reflection of the Kenai Peninsula Borough School District Board of Education's beliefs, goals, and strategies. The mission of the Kenai Peninsula Borough School District is to develop productive, responsible citizens who are prepared to be successful in a dynamic world. The School Board annually defines goals.

Board of Education Goals

Board goals for FY14 were set at the July 1, 2013 board planning session. Board goals for FY14 are:

- 1) By December 2013, the District will review, evaluate, and reduce, as required, the budget based on strategic priorities and fiscal and enrollment realities.
- 2) By June 2014, District will design and implement an objective process to gather comparable student achievement data from high performing school districts. When superior systems are identified, investigate their processes and, as possible, apply them to KPBSD.
- 3) By June 2014, prepare for the FY15 negotiations by collaborating with the employee association and by researching applicable statutes to determine District alternatives.
- 4) By October 2013, complete facilities goal begun in FY13.

District Goals

The District has adopted a Strategic Plan that includes the following Vision Statement:

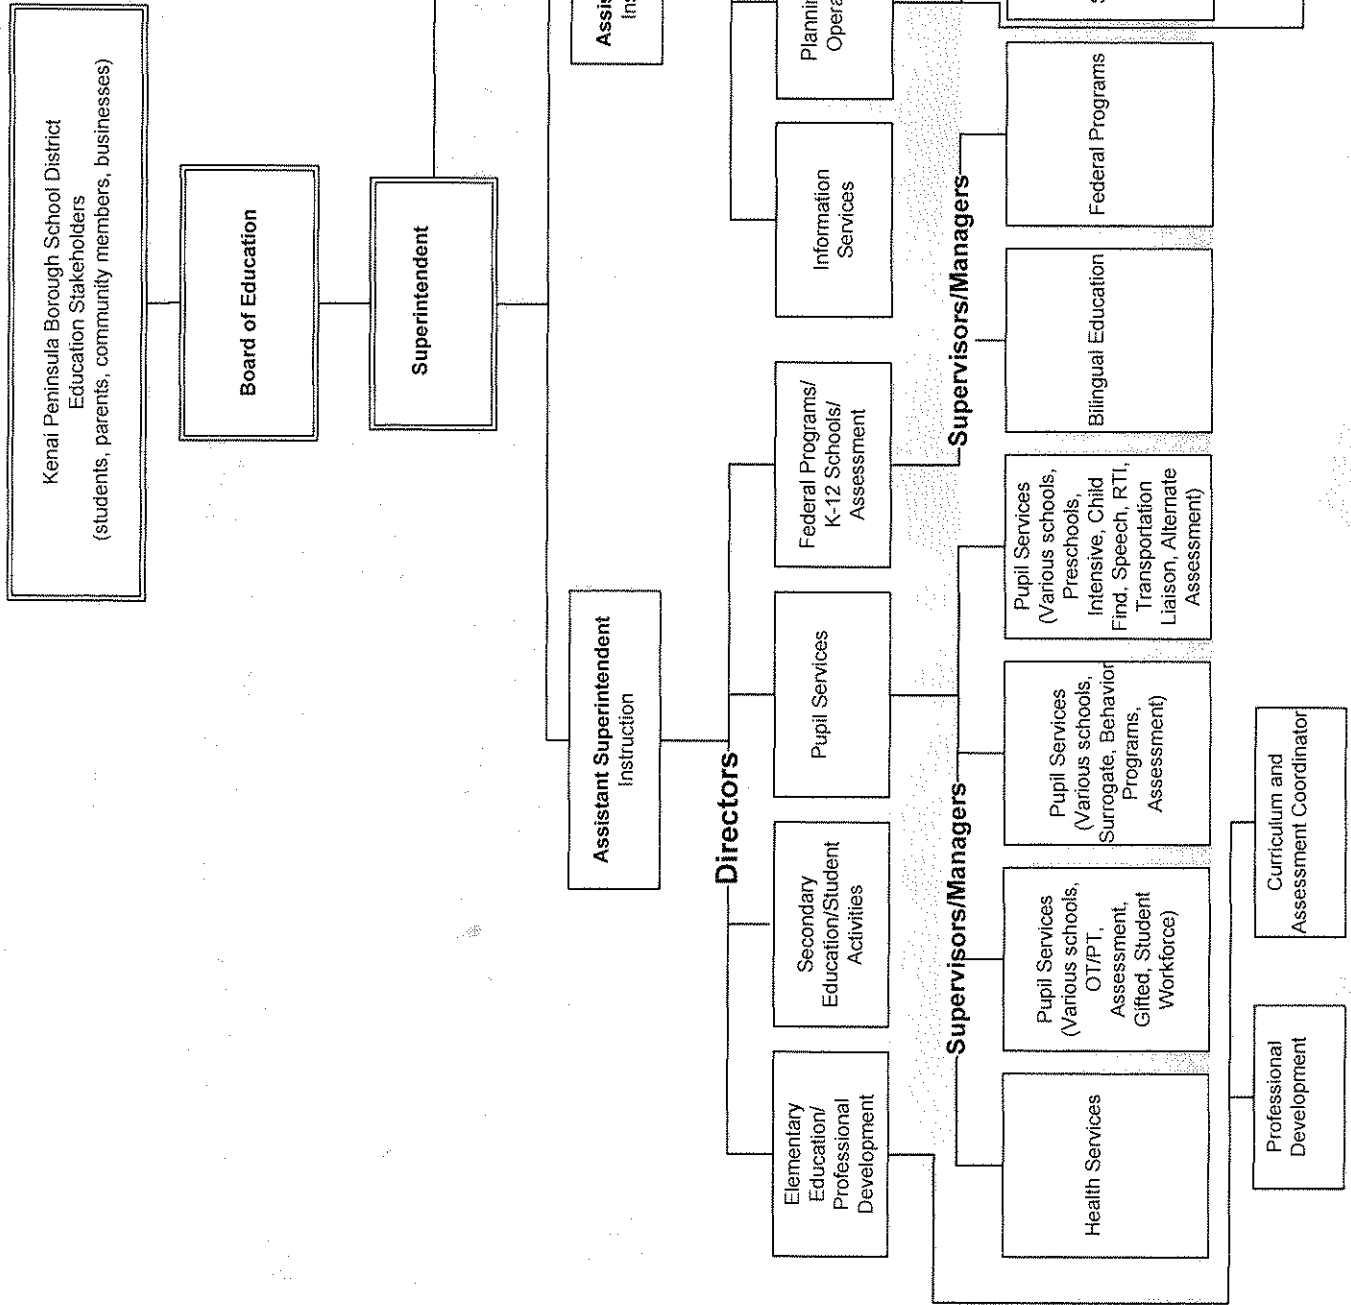

We envision KPBSD students who engage in their learning, participate in their community, reach high levels of achievement, and graduate prepared for their future.

The Strategic Plan was started in 2012 and will continue through 2017. The District Goals are stated as 3 focus areas:

- **Academic Success** - Deliver relevant, rigorous, standards-based curriculum in conjunction with alternative pathways and a flexible approach to ensure that every KPBSD student stays engaged, reaches high levels of achievement and graduates.
- **Organizational Excellence** - Evolve KPBSD as a highly reliable, world-class organization that fosters a culture of innovation, attracts and retains the best-of-the-best employees, and supports an infrastructure that promotes a fluid academic environment.
- **Community and Family Engagement** - All KPBSD schools reach out to parents and communities to promote shared value and responsibility for the process of education.

While working towards the goals, district employees and students will follow these Guiding Principles:

- Each student can learn and be successful
- Every student is recognized as unique, valuable, and is treated with respect and dignity
- Learning is a lifelong process
- The educational environment is safe, engaging and purposeful.
- Our students' educational experience depends on understanding and working with diverse communities
- Early identification of strengths and weaknesses is crucial to ensure overall development and achievement
- High standards and expectations are essential for student success and preventing student failure
- Continuous improvement is student-centered, data-driven, and collaborative
- Differentiated learning opportunities are integral to all instruction
- A rigorous curriculum challenges students
- Collaboration and effective instruction are district commitments
- Teachers are facilitators of learning and agents of inspiration
- KPBSD graduates are prepared for post-secondary education and, or, career ready
- All financial decisions are student centered and sustainable

Budget Administration and Management

The District uses the *economic resources measurement focus* and the *accrual basis of accounting*. The agency fund accounts for assets and liabilities and, as such, cannot be said to have a measurement focus. Agency funds do however, use the accrual basis of accounting to recognize receivables and payables. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

All major revenue sources including revenues from the Kenai Peninsula Borough, the State of Alaska and the United States government are considered susceptible to accrual. Entitlements and shared revenues are considered to be susceptible to accrual and so are recognized as revenues of the current fiscal period. Revenue for expenditure-driven grants is recognized when the qualifying expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the School District.

When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed.

Classification of Funds and Account Groups

The accounts of the School District are organized on the basis of funds. A fund is considered a separate set of self-balancing accounts comprised of assets, liabilities, fund balance, revenues and expenditures for transactions related to certain district functions or activities. Undesignated fund balance represents the excess of assets over liabilities and reserved fund balance.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate fund types.

Governmental Funds Governmental fund operations are focused on the measurement of the sources and flow of current financial resources. This measurement is unique in that generally only current expendable financial resources are accounted for in this group. Governmental funds consist of the following fund types:

General Fund - The general School District activities are recorded in the General Fund. The revenues of the General Fund are derived primarily from the Kenai Peninsula Borough and allocations received from the State of Alaska and the United States government. Primary expenditures in the general fund are made for student instruction, operation and maintenance of plant and administration.

The State Board of Education and Early Development adopted a revision to the Uniform Chart of Accounts and Account Code Descriptions for Public School Districts effective July 1, 2013.

Special Revenue Funds - These funds account for revenues from specific revenue sources including food sales, transportation, grants from the State of Alaska and United States government, and transfers from the General Fund designated to finance particular functions and activities.

Capital Projects Fund - This fund is used to account for the purchase of moveable equipment and furnishings for new and remodeled schools. All costs associated with construction, remodel work and renovation are accounted for by the Kenai Peninsula Borough.

Proprietary Funds Proprietary funds are focused on the measurement of the economic resources required for a particular purpose and limitations on the use of net assets rather than on the source of those assets.

Internal Service Fund – The employee compensated leave fund was established effective FY04 to account for the assets required to pay for sick, personal, and annual leave accrued by employees. The health care plan internal service fund was established in FY12 to account for the contributions and other income collected to pay health care plan expenditures for employee and dependent health services and administration.

Fiduciary Funds This fund category is used to account for those assets which the District holds on behalf of others as their agent.

Student Activity Fund - The Student Activity Fund accounts for each Kenai Peninsula Borough school's individual activity account which sponsors student activities within the school such as athletics and student clubs. The School Board recognizes money and money management comprise the foundational supports of the entire school program. The board has retained ultimate accountability for the use of public funds and delegated responsibility to the Superintendent for implementing the methodologies.

Classification of Revenues and Expenditures

The Kenai Peninsula Borough School District account components and structure meet the requirements as outlined by the *State of Alaska Department of Education and Early Development Uniform Chart of Accounts for School Districts and Account Code Descriptions*. The "State Chart of Accounts" was created to provide guidelines and instructions for coding revenues and expenditures consistently statewide and allow for more meaningful comparison of data from district to district. The Kenai Peninsula Borough School District's chart of accounts is located on pages 289-303.

The Kenai Peninsula Borough is the source of Local Revenues, which are appropriated each year by the Borough Assembly. The State of Alaska Department of Education and Early Development provides the formula to determine the share of funding from the state and local government. The District receives about 2/3 of General Fund Revenues from the state and about 1/3 from the borough.

Expenditures are classified into several functional categories guided by the State Chart of Accounts. The required functions cover broad categories that can be further divided with optional designations. For example, the broad functional category of Instruction and have further optional functional components such as Bilingual/Bicultural Instruction, Gifted/Talented Instruction, Correspondence Study Instruction and Vocational Education Instruction.

Required functions in the General Fund are:

- Instruction
- Special Education Instruction
- Special Education Support Services – Students
- Support Services – Students
- Support Services – Instruction
- School Administration
- School Administration Support Services
- District Administration
- Board of Education
- Office of the Superintendent
- Operations and Maintenance of Plant
- Student Activities

Budget Supervision and Oversight

Subsequent to the formal budget adoption, the Board of Education may, by motion, transfer appropriations between major budget classifications or departments. The Superintendent may transfer amounts between line items within a major budget classification. Appropriations on annual budgets lapse at year end.

The Assistant Superintendent, Instructional Support with assistance from the Director of Finance, is responsible for oversight and management of the District budgets as approved by the Board of Education. Assisting the Assistant Superintendent are site and department level administrators, who are responsible for their site and/or department budget management and review. These administrators are responsible for ensuring expenditures do not exceed authorized budgeted amounts. They also ensure the revenue is expended for authorized, proper, and legal purposes.

The District's software system maintains account balances; orders require funds be in accounts before expenditures are approved. All budget transfers are reviewed for compliance with the State of Alaska Chart of Accounts and District requirements.

The School District financial system constrains expenditures to accounts controlled by each administrator. As purchases are made, funds are encumbered (obligated) to reduce the budget and to prevent inadvertent over spending. The system will not automatically allow purchase orders to be released if they exceed the available budgeted revenue for the account. Administrators are given limited latitude to transfer funds between accounts in order to meet the changing needs of their particular program or facility. Any budget transfer of \$50,000 or more requires prior board approval.

The budget is revised to reflect the most accurate revenue projections available after the yearly student enrollment counts and review of actual staffing for positions are completed. At this time, expenditure accounts are also refined and balanced to the revenue projection.

The Board is routinely apprised of the District's financial situation through monthly reports of the status of revenues and expenditures. Quarterly, the Board is presented with a report of all the budget transfers. Finally, the District prepares a Comprehensive Annual Financial Report (CAFR) to report the audited results of district operations for the fiscal year. For the past 23 years, the Kenai Peninsula Borough School District has been the recipient of the Association of School Business Officials International (ASBO) award for excellence in financial reporting.

Budget Process

The budget process is comprised of five distinct components: planning, preparation, adoption, implementation, and evaluation.

The planning and preparation phase began with building administrators submitting their enrollment forecasts for the FY14 school year. At the same time, district administration also prepared enrollment forecasts. A straight-line growth of students advancing in grade was used as the model for forecasting, along with input from principals and other local stakeholders to generate the estimates of student enrollment for FY14. This student enrollment forecast, which is the basis for budget development, was presented to the School Board in November 2012. It is important to note that in October 2012, the district reported 9,065 students enrolled, which was over the projection for FY13 of 8,871. That increase in FY13 brought the total loss in enrollment to 1,331 students since FY97, from the district peak of 10,396 students. The hope is that this trend in declining enrollment is slowing or possibly leveling off. Enrollment is a significant factor in developing revenue projections for this and future budgets.

The adoption process started in January 2013. Community members, building administrators, District Office administrators, Borough Assembly members and School Board members provided input. The budget was analyzed and modified to address the needs of the District while balancing expenditures to

available revenue. Budget presentation meetings were held in the larger communities of Homer, Soldotna, and Seward. Additionally, the budget was presented in a joint work session to the full bodies of the Borough Assembly and School Board in March 2013.

The preliminary FY14 budget was approved by the School Board on April 1, 2013. The Kenai Peninsula Borough School District, Board of Education, is required by Alaska law to adopt and submit an annual budget to the Kenai Peninsula Borough Assembly by May 1 of each year for approval by the Assembly. Within 30 days after receipt of the School District budget, the Borough Assembly must determine the total amount of funds to be made available from local sources for school purposes and must furnish the Board of Education with a statement of this amount. By May 31, the Assembly must appropriate the local share of funding. Any subsequent increases in the School District budget must be authorized by the Borough Assembly.

Implementation of the FY14 Budget is effective on July 1, 2013, marking the beginning of fiscal year 2014, which will run through June 30, 2014. The evaluation phase will begin in August 2014 with the arrival of our independent auditors.

Revenue Budget

The revenue budget of \$147,081,040 along with the use of fund balance designated for Self Insurance in the amount of \$1,710,000 and use of fund balance in the amount of \$2,066,720 totaling \$150,857,760 was developed based on the enrollment projection of 8,873 students, The FY14 base student allocation of \$5,680, district cost factor of 1.171, or 100% of ISER and an intensive needs factor of 13 were unchanged from FY13.

This revenue budget also reflects an increase in local effort of \$500,000 for a total local funding of \$43,500,000. With this amount of local effort funding approved by the Borough Assembly, an allocation of fund balance is anticipated in the amount of \$3,776,720 to offset the difference between projected revenues and expenditures.

The Alaska Legislature passed HB273 in March 2008, enacting several changes to the school funding formula statute. The changes provided greater stability in financial planning because increased base student allocation (BSA) amounts were spelled out for FY09, FY10 and FY11. Incremental increases were also seen in the intensive needs and the district cost factors of the formula through FY13.

The substantial State funding increases from FY09 through FY13 were unprecedented in Alaska in the previous 15 years. The State increases resulted in corresponding increases to the local maximum contribution, which led to the movement away from maximum or "at the cap" funding. In FY13 a change by the state in the formula revised local support downward. Local effort was previously calculated at 4 mills of the assessed valuation but that has changed to 2.65 mills, so the state has assumed a larger share of funding.

In FY12, FY13, and FY14 the State provided additional one-time funding to the district. While additional funds are appreciated, one-time funds do not provide the same stability for budgeting provided by incremental changes to the funding formula.

Federal funding, from historical sources, is expected to continue at reduced levels; the budget was prepared with the most current information available from the Department of Education and Early Development. Although additional funding through increases to the funding formula have been received, costs of labor, retirement benefits, health care, property and liability insurance, and energy continue to increase as well.

The District hopes to receive continued legislative assistance through "on-behalf" payments made directly to the Division of Retirement on behalf of the District to cover part of the District's Teachers'

Retirement System (TRS) and Public Employees' Retirement System (PERS) unfunded liability. However, this assistance is awarded annually; there is concern about the State's long term ability to continue this assistance.

Expenditure Budget

The expenditure budget of \$150,857,760 is based on the enrollment projection of 8,873 students and other consideration noted below.

Accounts not under site administrator control include salary, benefit, and utility (water, sewer, garbage, electricity, fuel for heating, and telephone) accounts. These budgets were developed by district office staff.

The FY14 budget was developed based on the following significant elements:

- Programmatic staffing that was implemented in FY09 is still included in the formula that were used to create this budget.
- Salary and benefit accounts have been adjusted per the enrollment projection. Employees have been stepped on the salary schedules and employer-paid benefits include 22% for PERS and 12.56% for TRS. Salary and benefit cost comprise approximately 80% of this budget.
- The FY14 Budget includes an increase to the employer-paid amount per covered employee to \$16,200. The Health Care Plan Committee, through the collective bargaining agreements, is tasked with overseeing cost containment of the health care program. Health care costs comprise about 12% of the budget and 15% of the total salary and benefit amount.
- Schools are staffed base on staffing formulas that fit their size and configuration
- Supply and copy budgets have been adjusted based on the enrollment projection. Science and Social Studies curriculum is slated for review in FY14.
- Utility budgets have been rolled forward with some adjustments, including a decrease in electricity, fuel for heating and garbage. With recent increases in oil prices, those budgets will be monitored for possible changes during the budget revision cycle. Utilities comprise approximately 5% of the budget.
- Budgets for property, liability and stop-loss insurance and worker's compensation costs, which are received as In-Kind Services from the Kenai Peninsula Borough, include the most recent insurance premium estimates.
- A fund transfer has been included for the Student Nutrition program in the amount of \$750,000 and a fund transfer for the community theater in the amount of \$25,000.
- Equipment budgets for FY14 include:
 - Equipment to support Connections program.
 - Equipment to maintain technology infrastructure per the Technology Plan.

Other

This budget proposal exceeds the State of Alaska mandate that 70% of total general fund expenditures should be instruction as 75% of the budget dedicated to instructional activities, with the remaining 25% dedicated to instructional support.

Classification of Funds and Account Groups

The Kenai Peninsula Borough School District account components and structure meet the requirements as outlined by the *State of Alaska Department of Education Uniform Chart of Accounts for School Districts and Account Code Descriptions*.

Fund Accounting

The accounts are organized on the basis of funds and account groups. A fund is considered a separate set of self-balancing accounts comprised of assets, liabilities, fund balance, revenues and expenditures for transactions related to certain district functions or activities.

Funds are classified into two categories: governmental and fiduciary. Each category, in turn, is divided into separate fund types.

Governmental Funds - Governmental funds consist of the following fund types:

General Fund - The general School District activities are recorded in the General Fund. The revenues of the General Fund are derived primarily from the Kenai Peninsula Borough and allocations received from the State of Alaska and the United States government. Primary expenditures in the general fund are made for student instruction, administration and operation of plant.

Special Revenue Funds - These funds account for revenues from specific revenue sources including food sales, grants from the State of Alaska and United States government, and transfers from the General Fund which are designated to finance particular functions and activities.

Proprietary Funds – Proprietary funds are focused on the measurement of the economic resources required for a particular purpose and limitations on the use of net assets rather than on the source of those assets.

Internal Service Fund – These funds account for the assets needed to pay for accrued employee compensated leave and the self-funded health care plan.

Fiduciary Funds - This fund category is used to account for those assets which the School District holds on behalf of others as their agent.

Student Activity Fund - The Student Activity Fund accounts for each Kenai Peninsula Borough school's individual activity account that sponsors student activities within the school such as athletics and student clubs.

Relationship with Kenai Peninsula Borough

The Kenai Peninsula Borough School District is a component unit of the Kenai Peninsula Borough. Pursuant to Alaska Statute 14.12.020(c), the Kenai Peninsula Borough Assembly

provides the portion of revenue which must be raised from local sources to maintain and operate the School District. Alaska Statute 14.14.060 states that a Borough can establish a centralized treasury and is responsible for major rehabilitation, all construction and major repair of school buildings. The Kenai Peninsula Borough provides for new construction, debt service, centralized treasury, building maintenance, and the cost of property, liability, and fire insurance for school facilities.

Therefore, such physical plant, bonded debt, capital improvement funds, tax levies, tax collection, maintenance of buildings and insurance for buildings are accounted for by the Kenai Peninsula Borough and are reflected in their budget. The maintenance of buildings and insurance of buildings is also required by the State of Alaska to be shown in the School District report as "in-kind revenue and expenditures." These amounts are shown in the General Fund budget.

General Fund Revenues and Expenditures

Revenue Budget

The revenue budget of \$147,081,040 along with the use of fund balance designated for Self Insurance in the amount of \$1,710,000 and use of fund balance in the amount of \$2,066,720 totaling \$150,857,760 was developed based on the enrollment projection of 8,873 students, The FY14 base student allocation of \$5,680, district cost factor of 1.171, or 100% of ISER and an intensive needs factor of 13 were unchanged from FY13.

This revenue budget also reflects an increase in local effort of \$500,000 for a total local funding of \$43,500,000. With this amount of local effort funding approved by the Borough Assembly, an allocation of fund balance is anticipated in the amount of \$3,776,720 to offset the difference between projected revenues and expenditures.

In FY12, FY13, and FY14 the State provided additional one-time funding to the district. While additional funds are appreciated, one-time funds do not provide the same stability for budgeting provided by incremental changes to the funding formula.

Federal funding, from historical sources, is expected to continue at reduced levels; the budget was prepared with the most current information available from the Department of Education and Early Development.  - Equipment to maintain technology infrastructure per the Technology Plan.

Significant Information

For FY13, the local revenue contribution fell below the prior year contribution for the first time. The legislature also changed the Foundation formula calculation, shifting more funding responsibility to the State. With the change in the formula, the maximum allowed dropped to \$44,454,384 and the borough funded \$43,000,000. For FY14, the Borough has budgeted \$43,500,000 in local effort.

* "Specialists" as defined in the Alaska DEED Chart of Accounts includes: Guidance Counselors, Librarians, Psychologists, Speech Therapists, Occupational Therapists, Physical Therapists and Hearing Specialists who are also certificated employees.

** "Special Ed Teachers" refers to all other certificated special ed teachers not listed as specialists.

*** Support staffing formula for nurses does not always provide enough coverage to comply with legal requirements, so nurses are staffed at a higher level than the formula.

Connections is the KPBSD homeschool program. We believe this is a viable educational option for parents who are committed to being involved in the education of their children. Connections and KPBSD provide instructional resources, curriculum counseling, technology, access to local school academics and activities, and funding to support student individual learning plans. Students receive the use of a Dell computer and HP printer for the school year. All students may participate in the District sports programs, as well as take up to two academic classes, including art, music, dance, world languages and/or PE in the local schools. Currently there are over 900 students enrolled, with traditional school students also taking correspondence enrichment courses. Our mission is to provide a variety of educational options to best support the child's total educational plan.

Homer Flex Alternative High School was started in 1990 to serve the needs of young people in grades 9-12 outside the traditional high school setting. The mission of the Flex School is to prepare students for success in the post-secondary world - academically, socially/emotionally, and vocationally. Homer Flex has implemented a standards/performance-based model where students earn their high school diploma through a set of eight standards, where they show the skills and content needed for a successful high school education. Homer Flex respects the students' choice to live an adult life; therefore behavior and standards are based on what is required in that environment. Homer Flex also houses Flexwood, where students design and create rustic furniture from recycled local wood and market it at various craft fairs and galleries. Homer is located on the north shore of Kachemak Bay on the southwestern Kenai Peninsula, at the southern most point of the Sterling Highway.

Homer High School serves students in grades 9-12, and is located in Homer on the north shore of Kachemak Bay on the southwestern Kenai Peninsula. Homer High maintains a comprehensive program focused on career-ready courses such as welding, small engines, and construction, as well as academically rigorous Advance Placement (AP) college preparation courses. Our fine arts and performing arts classes provide an opportunity for students to explore and demonstrate their creative talents. The Senior Service Project, required for graduation, encourages students to give back to the community with a minimum of 30 hours of community service.

Kachemak Selo School is a K-12 school, and is located 28 miles east of Homer in a remote village. Kachemak Selo is too small to have organized athletic programs by itself. However, we participate in the Homer co-op Hockey program, as well as participate with Razdolna and Vosnesenka in co-op football, wrestling and soccer programs. Our high school students participate each year in construction and welding academies. We have provided a sewing academy for our middle and high school students in the winter months. On even years we organize an Artist in the School residency; odd years our upper elementary school students overnight at the Kasitsna Bay research facility to study plankton and intertidal invertebrates.

Kaleidoscope School of Arts and Science is a charter school opened in the fall of 2004 and serves grades K-6 students. The arts and sciences are integrated into the core curriculum using thematic instruction. Instructional strategies are based upon current brain research and emphasize the inquiry method of instruction. Positive behavior and student responsibility are enhanced by teaching and modeling lifelong guidelines and life skills each day. The school mission includes the use of "real life" experiences along with hands-on learning to make the subject matter relevant to young children.

Marathon School, located within the Kenai Peninsula Youth Facility, provides educational services to youth housed in the facility. The program is supported through a combination of district and federal dollars. Students in the facility receive instruction using district approved curricula and can receive high school credit leading to a diploma. Students at the facility participate in all district and state assessments, including the HSGQE. The program runs year-round, with education services provided during the summer. KPBSD teaching staff works cooperatively with staff from the Department of Health and Social Services to assure that students receive educational opportunities designed to help them achieve a high school diploma.

McNeil Canyon Elementary School serves grades K-6, and is located 12 miles east of Homer, Alaska, was constructed in 1983. McNeil Canyon Elementary has a reputation for having an innovative approach to education with a particular emphasis in the Arts, with strong community support and a very capable and experienced staff. In fact, McNeil was chosen as a 2004 National No Child Left Behind Blue Ribbon School. McNeil Canyon also has the distinction of having a population of Russian Old Believer students, that account for 24 percent of the enrollment. The relatively high altitude, 1350 feet, of the school site provides lots of snow and ice so students are able to skate and ski for almost half of the school year.

Nikiski North Star Elementary School serves grades pre-school - 6, and is located in Nikiski, Alaska on the Kenai Peninsula. In 2004 the two Nikiski elementary schools consolidated into one, with the new name of Nikiski North Star Elementary (NNS). The school is characterized by strong parental and community support. NNS is proud to be considered a CHARACTER COUNTS! school. Academics, specifically reading comprehension and mathematics, continue to be the main focus of the school. Additional support within the school is provided by Title I, the Boys and Girls Club, Central Peninsula Counseling Services, NAKENU and the Salamatof Native Corporation. In addition, NNS offers a morning and afternoon pre-kindergarten class for local four year olds.

Nikolaevsk School serves students in grades K-12 and is located in Nikolaevsk, Alaska. Nikolaevsk is located on the Kenai Peninsula via the North Fork Road, which junctions with the Sterling Highway 9 miles from Anchor Point. Students enjoy different activities which include cross country running, basketball, volleyball and battle of the books. The community of Nikolaevsk was founded as a Russian Old Believer community in 1968; however, demographics of the community are changing as more non-Russian families and retirees are moving into the community and enjoying the slower pace and quieter life style that the community has to offer.

River City Academy (RCA) serves students in grades 7-12, and is housed inside the Skyview High School building. RCA is a small school of choice and offers a performance-based curriculum, which allows students to work at their individual level and pace, but provides the structure and support of a classroom. Progress at RCA is measured by performance on the KPBSD standards and students demonstrate proficiency in each standard. Students take ownership for their individual learning and are actively involved in the culture of the school. Core academic requirements are met during the regular semesters and January Interim classes meet elective needs. RCA students demonstrate a desire to take responsibility for their education and excel in a small school setting.

Seward Middle School was opened in January 2006 and serves students in grades 7-8 and is located in Seward, Alaska. Seward is located on Resurrection Bay on the southeast coast of the Kenai Peninsula. Students have the opportunity to participate in activities such as cross country running, soccer, basketball, volleyball, wrestling, Nordic skiing and track. Students enjoy specialized classrooms for technology, art, vocational classes, and music. The school also contains an "auditeria"; a space that is used for dining, drama or holding group presentations. Seward Middle is located between the Seward High and Seward Elementary campuses - providing physical alignment between all three schools and opportunities for curricular alignment as well.

Skyview High School serves students in grades 9-12, and is located just outside the city limits of Soldotna. Students enjoy a wide variety of academic, vocational, and extra-curricular offerings ranging from credit recovery to Advanced Placement courses. Staff collaboration efforts in programs such as ZAP (Zeros Aren't Permitted) and Freshman House have resulted in graduation rates that exceed the state target while keeping drop-out rates low. Other activities such as Student Council, National Honor Society, Classroom WithOut Walls, Mock Trial, Battle of the Books, Robotics, performing arts and fine art performances, and numerous sports programs help our students excel in school, and prepare them for the future.

West Homer Elementary School is located in Homer, Alaska, located on the north shore of Kachemak Bay on the southwestern Kenai Peninsula, at the southernmost point of the Sterling Highway. Our campus was constructed in 1997 and currently serves students in grades 3-6. In 2012, West Homer Elementary was one of 314 schools nationwide to be identified as a Blue Ribbon School of Academic Excellence. We offer students a robust academic experience that is complemented with a rich music program and a comprehensive physical education curriculum. West Homer Elementary utilizes our unique outdoor setting and diverse community to enhance the learning experiences we offer students.

Function: The mission of the Purchasing department is to cost-effectively provide quality goods and services to the students and staff of the Kenai Peninsula Borough School District. Our goal is to maintain the highest standards of ethics and professionalism and to preserve the best interests of the District as we provide genuine value and timely service. The KPBSD Warehouse staff works to receive and deliver products to schools and departments in support of the business of the school district. Warehouse staff maintain a catalog of items purchased in bulk and available for use.

Major long-term issues and concerns: Continue to improve in efficiency and effectiveness while providing service to all schools and departments of the district.

KPBSD has made extensive use of the E-Rate funding from the very beginning of the program. It has always been the intent of the district administration to maximize the benefit we could receive from the E-Rate program. As of the end of FY'11, the district has received over 6.5 million dollars in E-Rate subsidy. Although the main purpose given for the E-Rate program is to connect classrooms and libraries to the Internet, our buildings were some of the 14% of classrooms nationwide that were already wired at the beginning of the program. Our wiring head start was a real advantage. As other districts struggled with the time-intensive process of wiring schools in the early E-rate years, we were already moving on to other things, like fiber optic networks, and more significantly, an entire technology overhaul district-wide.

The E-rate program has provided us with reliable funding, year after year, that allowed the district to move forward in a well thought out district-wide plan to provide high quality technology to all our children.

Function: The Curriculum Department develops an enriched, rigorous, and meaningful curriculum that will prepare all students for a successful future by including all stakeholders in the process and by selecting research based programs. The Elementary Education Department will use data to cultivate a culture of continuous improvement, thereby ensuring that the needs of all students and the goals of the District are met.

Major long-term issues and concerns: Amount of reoccurring cost of adopted materials: note-taking guides, workbooks.

Function: The Secondary Education/Pupil Activity Department develops, implements and manages programs such as distance learning, intervention, Tech Prep and Work Force Development, Career and Technical Education and all district co-curricular activities to supplement other secondary education programs in an effort to continue to reduce the drop-out rate, increase the graduation rate and prepare graduates for post-secondary education and life.

Major long-term issues and concerns: Continue to develop and refine the Personalized Learning and Career Plans (PLCP) for grades 7 - 12 and prepare for online implementation. Continue to develop Distance Ed opportunities and plan for increased staffing needs as programs expand. Re-vamp our Career and Technical Education programs, utilizing community/industry expertise in each of our unique communities throughout the District.

K-12 Schools and Assessment

Function: Coordinates all assessments, manages data access, and provides data analysis of all available student data for stakeholders meeting local, state, and federal reporting requirements.

Major long-term issues and concerns: Concerns that changes required by reauthorization of the Elementary and Secondary Education Act (ESEA) will require additional increases to already underfunded mandates and reporting requirements.

Federal Grants

Function: Effectively and efficiently manages federal education dollars that provide intentional academic support of targeted students, schools and parents aligned with KPBSD goals and in compliance with KPBSD policies, federal regulation and state statutes.

Major long-term issues and concerns: Compliance with federal regulations during years of grant reductions while still maintaining quality and quantity of services to students.

Nursing Services provides for on-site school nursing and program management for the entire Kenai Peninsula Borough School District's traditional schools, charter schools, and alternative schools. The amount of nurse time for each school is determined by a Board-generated formula with additional consideration of the individual building's specific medical needs. In order to provide the most comprehensive services, several nurses travel between multiple sites. This office maintains current nursing standing orders, a departmental procedure manual, conducts nursing inservices, provides continuing education and inservice hours, stocks a variety of supplies e.g. TB serum and those related to the Medic First Aid® training, and creates or maintains additional programmatic resources as required. In addition, Health Services is responsible for executing the role of Blood borne Pathogen (BBP) Exposure Control Officer and implementing the BBP Exposure Control Plan. This OSHA mandated safety program incorporates all staff districtwide in accordance with OSHA regulations.

Gaining Early Awareness and Readiness for Undergraduate Program (GEAR UP) is designed to increase the number of low-income students who are prepared to enter and succeed in postsecondary education. GEAR UP provides six-year grants to states and partnerships to provide services at high-poverty middle and high schools. GEAR UP grantees serve an entire cohort of students beginning no later than the seventh grade and follow the cohort through high school. GEAR UP funds are also used to provide college scholarships to low-income students.

The Department of Education & Early Development (EED) launched the Alternative Schools Healthy Students Initiative in the fall of 2008. This initiative was created with the goal of reducing the student risk behaviors associated with disease, premature death, social challenges, and poor academic outcomes. It includes all Alaskan Alternative Schools (defined as serving high-risk students) accepting EED's invitation to participate.

**2013-2014 Budget
Enrollment History and Projections**

Student enrollment projections are the key factor in budget development. These projections determine or influence many of the financial estimates that go into the budget. Staff allocations are based upon predicted Pupil Teacher Ratio (PTR) calculations. Instructional supply and material budgets are based upon predicted enrollment. Long term facility planning is also dependent upon these estimates.

The Kenai Peninsula Borough School District completes the enrollment projections annually in the central office. There are four separate inputs to the process: 1) building administrators prepare an initial projection; 2) a straight line projection is prepared to show the numbers of students moving forward by grade; 3) the cohort survival method forecasts future enrollment from historic trends; and 4) a subjective analysis is performed to account for any changes to the economic base, transition of private school children into high school, and other potential anomalies.

***Seasonal sales tax exemption from September 1 - May 31 on nonprepared food items.

The Kenai Peninsula Borough (KPB) is one of seven Second-Class Boroughs within the state of Alaska. As such, it is required to assess and collect property, sales and use taxes that are approved and levied within its boundaries. However, property tax and sales tax are not mandated and municipalities are allowed to issue exemptions from taxes on real and personal property. One key element in the calculation of state aid to schools within a municipality is the "Full Value Determination (FVD)" of taxable real and personal property within the municipality's boundaries, regardless of any optional exemption that may have been enacted by local ordinance.

Alaska Statute 14.17.410 establishes the "basic need" dollar amount for a school district according to the Public School Foundation Program. The local municipality is required to make a "local contribution" towards the amount of basic need. The local contribution is defined as at least the equivalent of a 2.65 mill tax levy on the full and true value of the taxable real and personal property within the district; and not to exceed 45% of the district's basic need for the preceeding fiscal year. The local contribution was adjusted in FY13 from 4 mills to 2.65 mills, which shifted a larger portion of funding to the state.

In addition to the required local contribution, there is a maximum allowable amount of local contribution. The maximum is also known as "the cap" and the borough contribution may not exceed this amount. To calculate this, use the required local contribution plus 23% of basic need **OR** a 2-mill equivalent of the full and true value of the taxable real and personal property within the district, whichever is *greater*.

Currently, the KPB levies personal and real property tax and sales tax. The sales tax rate is 3%, but sales tax is not levied on nonprepared food items from September 1 through May 31⁶⁷

* Real Property Tax

One mill of tax is equal to \$1.00 for every \$1,000 of assessed valuation of property.

For example, the 4.50 mill rate on a \$200,000 home with no exemptions would mean \$900 tax for the homeowner.

General Obligation Bonds

Issued School Bonds: School bonds were issued for the construction of public schools in the Borough. Bonds are paid from the General Fund through the levy of property taxes, plus funding from the State of Alaska, which reimburses the Borough for up to 70% of debt service expenditures for school bonds approved by the voters after June 30, 1983.

The October 2002 election authorized the issuance of general obligation bonds in the amount of \$14,700,000 for construction of a new middle school in Seward, Alaska. Bonds dated 8/7/03 were issued through an agreement with the Alaska Municipal Bond Bank Authority.

The October 2006 election authorized the issuance of general obligation bonds in the amount of \$2,588,000 in general obligation bonds. On 1-31-07 \$2,515,000 in general obligation bonds were issued. The bonds will finance the purchase of equipment to reduce the level of arsenic in water, Nikolaevsk reroof, Soldotna Elementary window replacement, and McNeil Canyon reroof. These bonds were issued through an agreement with the Alaska Municipal Bond Bank Authority.

The October 2010 election authorized the issuance of general obligation bonds in the amount of \$16,685,000 for roof repairs to various schools.

A summary of changes in general obligation bonds is as follows:

	Beginning Balance July 1, 2012	Additions	Reductions	Ending Balance June 30, 2013	Due Within One Year

Alaska's Standards Based Assessments (SBA) are State mandated criterion - referenced tests of reading, writing and mathematics. Students take the SBAs in grades 3 through 10. Proficiency is determined by a scale score of 300. KPBSD has chosen to focus on increasing every student score rather than on the minimum expectation of proficiency. This graph shows the average scale score trend.

KENAI PENINSULA BOROUGH SCHOOL DISTRICT

2013-14 Budget Capital Spending and Major Projects

Developing the capital budgets is an ongoing process with updates annually to the capital improvement projects list. Borough departments and the School District provide input regarding the capital improvement and major maintenance project data compiled the previous year. These submittals result in the deletion of projects completed, addition of new projects, changes in project descriptions and project modifications. The major projects department assists the maintenance department in prioritizing, cost estimating, and project scoping. The projects are listed in order of priority based on input from the school district, borough administration and maintenance personnel. It includes all projects that the Borough expects to complete in the next 5 years.

The proposed FY14 budget includes funding for the following projects: \$150,000 Propane tank separation and re-piping at Nanwalek School; \$75,000 Area-wide auditorium lighting upgrades; \$175,000 Area-wide flooring replacement upgrades; \$75,000 Area-wide asbestos removal and repair; \$100,000 Area-wide electrical and lighting upgrades; \$75,000 Area-wide playground upgrades; \$75,000 Area-wide HVAC upgrades and repairs; \$75,000 Area-wide locker replacement; \$50,000 Area-wide Fire Marshal/safety upgrades; and \$100,000 Area-wide generator and associated hardware upgrades; Area-wide door and entries \$100,000; Area-wide asphalt and sidewalk repair \$175,000.

Additionally, district-wide capital projects to address water quality, asbestos, portable classrooms and outbuildings, Americans with Disabilities Act compliance, flooring, electrical, intercom and fire code issues have been and continue to be accomplished. Coinciding with the aforementioned, preventative and minor maintenance tasks as well as numerous projects of a smaller scope are ongoing.

Capital projects are approved by the School Board and submitted to the Borough for consideration via yearly on-site inspections and the formation of a Capital Improvements/Major Maintenance Six Year Plan list. Funding for the capital projects is appropriated and accounted for by the Borough. It is neither anticipated nor expected that all projects on the priority list will receive funding and action in the coming fiscal year. The priorities are subdivided by 1) health/safety issues, 2) maintenance issues, and 3) other recognized supplemental needs.

Page 4 of Glossary

Measurement Focus	The accounting convention that determines (1) which assets and which liabilities are included on a government's balance sheet and where they are reported there, and (2) whether an operating statement presents information on the flow of financial resources (revenues and expenditures) or information on the flow of economic resources (revenues and expenses).
Mill	A measure of the rate of property taxation, representing one one-thousandth of a dollar of assessed value.
Millage Rate	The tax rate in property, based on mill(s). A rate of 1 mill applied to a taxable value of \$100,000 would yield \$100 in tax.
Modified Accrual Basis of Accounting	A basis of accounting in which revenues and other financial resources are recognized when they become susceptible to accrual, that is when they are both "measurable" and "available" to finance expenditures of the current period. "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.
Operating Budget	Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Annual operating budgets are essential to sound financial management and should be adopted by every government.
Operating Transfers	All interfund transfers other than residual equity transfers.
Ordinance	A formal legislative enactment by the legislative body which, if not in conflict with any higher form of law, has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Revenue raising measures, such as the imposition of taxes, special assessments and service charges, usually require ordinances.
Other Expenses	A miscellaneous category for items not normally falling into a defined category. Included would be items such as ASAA region dues or Northwest Accreditation dues.
Oversight Responsibility	The basic, but not the only, criterion for including a government department, agency, institution, commission, public authority or other organization in a government unit's reporting entity for general purpose financial reports. Oversight responsibility is derived from the government unit's power and includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters
Performance Measures	Specific quantitative productivity measures of work performed within an activity or program. Also, a specific quantitative measure of results obtained through a program or activity.
Purchased Services	Services such as printing, advertising, contracted building repairs, computer site licenses, umpires and referees, internet access charges and DHL charges
Rentals	Expenditures for the lease or rental of land, buildings, and equipment for temporary or long-range use. This includes bus and other vehicle rental when operated by District personnel, lease of data processing equipment, oxygen, acetylene, etc. cylinder rental, lease-purchase arrangements and similar rental agreements.
