BACKGROUND INFORMATION

Each year the Association of Alaska School Boards (AASB) promotes a series of core resolutions that provide AASB staff guidance in working with state and federal policy-makers. The district's senior management reviewed the FY13 resolutions and identified those that cause concern and, those which they feel deserve priority status.

This worksession is held to provide time to discuss the identified and other resolutions. The administration will use this discussion to draft a list of resolutions that will be brought forward for approval at your September meeting.
