

# School Report Card for 2017-2018 School Year

**School:** Tustumena Elementary

**Grade Span:** PK - 6

**Overall Index Score:** 65.65

**Title I School:** Yes

**Accreditation:** NA

**District:** Kenai Peninsula Borough School District

**School Enrollment:** 176

**School Designation:** Universal Support

**Title I Program:** Targeted Assistance

A Title I school receives federal money to support low-achieving students. A School wide Title I Program uses the money to improve the education for all students. A Targeted Assistance Title I Program uses the money to provide help for students who need it most.

This School Report Card presents information about the school's performance for the 2017-2018 school year. The Performance Evaluation for Alaska's Schools (PEAKS) assessment in English Language Arts and Mathematics were given for the first time in spring 2017 to students in grades 3-10 (PEAKS was given to grades 3-9 during the 2017-2018 school year). These two new assessments replaced the former Alaska Measures of Progress (AMP) assessments in English Language Arts and Mathematics. Students in grades 4, 8, and 10 also took the Alaska Science Assessment.

As part of the ongoing implementation of Alaska's Education Challenge, the Department of Education and Early Development (DEED) is working with school districts to support success in every school. Utilizing Alaska's plan for the Every Student Succeeds Act (ESSA) as a strategy for closing our achievement gaps, a new accountability system is being implemented to help celebrate success and identify areas where additional support is needed, with the goal of increasing achievement for all students. The Overall School Index Value is an important piece of this new System for School Success, which provides information about how each school is supporting its students.

For 2017-2018, schools received a System for School Success Report. The one-page System for School Success Report contains general information and school demographics; grade K-6 Full Academic Year (FAY) participation rate, indicators, and the K-6 index value; grade 7-12 FAY participation rate, indicators, and the 7-12 index value; the overall school index value; the school's designation for level of support; and the school index values for the nine different student groups, also known as subgroups.

More information about the accountability system for schools can be found on the [Alaska Department of Education & Early Development website](https://education.alaska.gov/) (<https://education.alaska.gov/>).

## Parental, Community, or Business Involvement:

Parental, community, or business involvement can occur in many forms and influence schools in different ways. The results of parental, community, or business involvement for the 2017-2018 school year, as identified by the school, are described below.

Sterling Elementary receives comments from students through their daily discussions with their teachers and the principal. In addition, feedback was received through the social emotional survey administered this school year. This feedback stated that students feel safe and that they would like to have more input into the happenings at the school.

In discussions with site council, PTA and in reviewing social media posts, Sterling Elementary had quite a few comments regarding our school year. Parents also shared comments during parent conferences with their teachers. Sterling Elementary parents and community members enjoyed our great kindness challenge and the resulting display of kindness cards in our lobby. Parents appreciated the various parent involvement activities, including our first art show in many years. Parents are pleased with the level of communication being sent from school to home and feel as though staff members are responsive. They appreciated the implementation of the Remind app school wide for parent information and announcements. Stakeholders, overall, feel as though the school and staff are providing a safe environment for students.

<sup>1</sup> FAY is defined as continuous enrollment from October 1 to the first day of the general assessment window and represents the number of students in the grade span that were enrolled in the school for a Full Academic Year.  
<sup>2</sup> If the participation rate is less than 95%, the denominator used to calculate % proficient will reflect 95% of the school's Full Academic Year students for that content area and grade span.  
<sup>3</sup> If a school has a student group index value equal to or less than the TSI Performance Threshold, the school is designated as a Targeted Support and Improvement (TSI) School for that student group.  
 \* Aggregated data (multiple years) used to calculate score. ^ Fewer than 5 students tested, data suppressed to maintain student confidentiality.

# 2015-2016 Civil Rights Data Collection (CRDC)

The Civil Rights Data Collection (CRDC) is a survey of all public schools and school districts in the United States. This is completed and managed by the United States Department of Education. This data is collected pursuant to section 203(c)(1) of the Department of Education Organization Act (20 U.S.C. 3413(c)(1)). The CRDC is a biennial (i.e., every other school year) survey required by the Department's Office for Civil Rights (OCR).

The data in this report is from the **2015-2016** Civil Rights Data Collection, the most current data. This data can also be accessed on the [CRDC Homepage](#). The [User Guide](#) can be used for directions for navigation and search tips.

**Please note:** This data was derived from publicly-available data files in which statistical disclosure limitation methods have been applied to reduce the risk of disclosure of individual student information.
