RE: Reconfigure Nikiski Middle High School to Include 6th Grade

Background: During the past eight months the principals and stakeholders of our two Nikiski Schools met on several occasions to discuss expanding the middle/high school to include sixth grade. The process used for this discussion was thorough and included multiple opportunities for the principal to address the public's questions and concerns. The stakeholders of the two schools support this proposal

Recommendation: The administration recommends that you approve the reconfiguration of Nikiski Middle/High School to include sixth grade. Note that this change will be effective in August of 2011.
