**DATE:** July 28, 2010  
**TO:** Members, Board of Education  
**FROM:** Steve Atwater, Ph.D.   
Superintendent of Schools  
**RE:** 2010-11 District Goals

**Background:** On April 27, the District Administration, with input from several Board members, worked on the development of the 2010-11 District Goals. This work was then synthesized into the following two goals by the District's Instructional Team.

- KPBSD will increase student achievement by being responsive to individual student needs through structured collaborative practices Districtwide and with our richly diverse communities.
- KPBSD will increase student engagement by implementing effective instructional practices with embedded, 21<sup>st</sup> Century Skills Districtwide and with our richly diverse communities.

**Reason for this worksession item:** to review the District goals and provide time for the Board to ask questions concerning the action steps that will be taken to meet them.
