## BACKGROUND INFORMATION

As part of the Child Nutrition Reauthorization 2010, we must now implement the new Paid Lunch Equity (PLE) requirements of the act. A short explanation is that we are now required to determine our average price for paid lunches and compare that average price with the difference between the free and paid reimbursement rates to determine if the paid prices are set equitably according to the PLE requirements. The State of Alaska-Child Nutrition Programs staff performed our calculations and has informed us that we need to increase our paid lunch prices to comply with the new PLE requirements.

## ADMINISTRATIVE RECOMMENDATION

Administration recommends that the paid meal price for K-6 students be increased from \$2.75 to \$2.85, the paid meal price for 8-12 students be increased from \$3.25 to \$3.35 and that adult school lunch pricing be increased from \$4.00 to \$4.25 for the 2011-2012 school year.
