

Brittany Meyer
Student Representative to the Board of Education
Kenai Peninsula Borough School District

October 2007

My name is Brittany Meyer. I was born in Soldotna and attended Sterling Elementary and Soldotna Middle school. My Freshman year I participated in Connections, our local home school organization, and I'm currently a Junior at Skyview High where I continue to enjoy the benefits of being educated through the Kenai Peninsula Borough School District. Soldotna has been a wonderful place to grow up.

I have had the opportunity to participate in many activities including Art, Drama, Spanish, Basketball, Soccer and Volleyball. I am currently Co-Captain of the Skyview Panthers Volleyball team. I serve on the Student Council and participate in National Honor Society.

I also involve myself in activities with my church youth group. I spent 4 years working on a goal setting program and achieved my "Young Woman's Medallion". This program gave me many opportunities to serve in my community. This summer I was privileged to be a youth leader for a 5 day camp mentoring 85 girls from our area.

I especially enjoy spending time with my exciting family. We do so many adventurous things together year around like snow boarding, snow machining, hiking, biking, boating, fishing, and many work projects. I plan to attend Brigham Young University when I graduate, but I am still unsure of what I will major in.

I am excited about the opportunity I have to serve on the School Board. I hope to learn about and represent the goals and opinions of the local students. I look forward to learning and growing in this challenging endeavor.
