Superintendent of Schools

RE: AASB Resolutions

Background: Each year the Alaska Association of School Boards (AASB) promotes a series of core resolutions – 106 this year – that provide AASB staff guidance in working with state and federal policy-makers. A copy of these resolutions is in your packet. These resolutions were reviewed by senior management and a summary of the district position on these is also included in your packet. Note that there is only comment on those resolutions which the administration does not support.

Reason for this worksession: Item 10b. of the meeting's agenda calls for approval of the AASB resolutions as presented with administration recommendations.
