## M E M O R A N D U M

---

**DATE:** October 12, 2010  
**TO:** School Board Members  
**FROM:** Steve Atwater, Ph.D.   
Superintendent of Schools  
**RE:** Connections Homeschool Program

**Background:** During recent board meetings and worksessions, various members have asked questions about our Connections Homeschool Program. These questions have included why the graduation rate is low, in which attendance areas do the students reside, and whether there is a correlation between length of attendance at Connections and student performance.

**Reason for this Worksession:** Connections Principal, Lee Young, will provide an overview of the program including a disaggregated look at Connections' student performance and enrollment trends. He will then be available to respond to questions concerning this program.
