MEMORANDUM

To: Members, Board of Education

From: Sean Dusek, Assistant Superintendent *Sean Dusek*

Re: iSafe program

At the December 6, 2010 board work session, the administration would like to take some time to present information on district efforts to meet new E-Rate requirements, mitigate cyber bullying, address misuse of the internet in the schools, and provide staff and students best practices on using the internet across the curriculum. The presentation will center on the iSafe program, which the administration intends to pilot at a few of our schools this spring. After the pilot, the administration will provide the board with next steps to provide a safe electronic learning environment for all of our students and staff.
