Dear Mr. Peterson:

I am writing to formally address the issue of my retirement and resignation from the Kenai Peninsula Borough School District. As planned, I will be taking my retirement at the end of this school year (2010-11). Family health issues have become a pressing concern over the past few years, making it necessary to take this step at this time.

I want to thank you and the district for the opportunity I have had to work with the great teachers and staff of Homer Middle School, Sterling Elementary and your outstanding special education department over the past three years. It has been an honor and a pleasure to serve students in these caring, proactive and successful programs. Please don't hesitate to contact me in the future if there is any way I can be of assistance to your great organization.

Director, Human Resources

Dear Mr. Peterson,

Kindly accept this letter as formal notification that I will be retiring from my teaching position at the end of this academic school year.

It has been my privilege to work for the past 11 years as a special education teacher with students with challenging behaviors. I want to express my gratitude for the administrative support that has provided me with many opportunities for developing the specific skills needed for this population of students. I also want to thank the students and their families for participating in the very hard work involved with changing behavior. Also, I've worked with some great staff over the years. If I didn't say thank you enough let me say it again: "Thank you. You are the greatest."

It is difficult to leave such interesting work, so you may see me in a classroom as the "Sub".

Thank you.

Re: Letter of Resignation

Dear Norma,

This is my letter of resignation. I would like to make my resignation effective on the last day of my contract which I believe is May 27th, 2011. If you would like my reasons for resigning I'll tell you those in a separate letter if you request it. If possible, I would like to be paid in full at the end of my contract and not spread out over the summer. If that can be done, I assume that I will not be covered by insurance at that point and therefore it will not be deducted from my final check.

Thank You,

Dear Mr. Peterson:

After 21 years of teaching 7th and 8th grade students at Soldotna Middle School, I have decided to retire, effective the end of this school year.

I have seen many changes throughout the district during the past 21 years, and it has been a fascinating roller coaster. I left the journalism field to become a teacher, and now I intend to return to writing full time.

I will remain in the area, and would be available for consulting in the area of writing, as not only is it my personal passion, I now have 21 years of experience teaching children, thanks to this school district. My goal throughout my teaching career has been to help kids write, and now that many of my students are adults, I have been able to witness some of them continue their writing. It is gratifying, indeed.

Sincerely,

Polly Crawford
