(continued)

Ms. Sue Butler, Homer parent, stated that parents need to be informed about what information is being provided to military recruiters and suggested that the military opt out form be included in the orientation packet as well as information about deadlines. Mrs. Brown asked if Ms. Butler could suggest other ways to inform parents of the military opt out form. Ms. Butler suggested that the information be included in the school newsletters and email. Ms. Poore suggested that the form be available for download from the District website.

Mr. Stewart explained that the old opt out form is online and that the new form should be available online on October 18.

Mary Jo Spots, Soldotna parent, stated that school staff members do not handle the opt out form consistently or don't seem to know what to do with the forms and suggested that they be educated. She asked the District to inform parents about the optional Armed Services Vocational Aptitude Battery which is used as a career exploration survey and a recruitment tool. She asked the administration to provide more information in school newsletters and the student handbook.

Mrs. Brown asked whether student directory information had already been shared with outside organizations and if the District could ask for a retraction of the information. She asked how the District could make sure that all parents know about the military opt out form. Mr. Stewart responded that the District Office will forward the new form to all schools so that it can be distributed in newsletters. He stated that there is no way to retract information that has already been shared. He explained that the opt-out choice has always been available for parents but, prior to the new form, it was all inclusive. He added that in response to public demand the District developed a method to allow the opting out of military recruitment only or out of sharing information with all organizations.

Mrs. Brown asked whether opt out notification can be forwarded to organizations that have already received student information so that the student names can be removed. Mr. Stewart stated that the opt out notification could be shared with the organizations but they would be under no obligation to abide by the request. He stated that District released information based on the opt out information that had already been submitted.

(8:17:44 PM)

MOTION

School Board members present were present Sammy Crawford, Sandra Wassilie, Debra Mullins, Nels Anderson, and Debbie Brown. Present on behalf of the administration were Todd Syverson, Sam Stewart. The mother was present with and on behalf of the student. Observing the hearing was Dr. Donna Peterson, Superintendent. The hearing was conducted in accordance with the Procedure for Student Hearings [by the School Board], as shown in E 5144.11(c) of the School Board Policy Manual.

STUDENT EXPULSION

(continued)

The student is accused of using marijuana on school grounds before school started on Monday October 3, 2005. He admitted he had used marijuana on school grounds several times before and after school. The student was in possession of drug paraphernalia with drug residue. The student admitted to selling marijuana and drug paraphernalia off school grounds to another Soldotna High School student. The drug paraphernalia he sold to another student off-grounds was the same paraphernalia the student was using on the morning of October 3rd. The student admitted he had smoked marijuana during his middle years at Soldotna Middle School, but was never caught. The student admitted to selling marijuana to other Soldotna High School students on several occasions (more than twice).

FINDINGS:

1. The informal hearing, suspension, and recommendation for expulsion were held in accord with Board policy.
2. The student was caught in possession of drug paraphernalia with drug residue on October 3, 2005, on school grounds which violates BP 5131.6(a). The student admitted to using marijuana that morning on school grounds. The student further admitted that he had used marijuana on school grounds for several years but had not been previously caught.
3. The student admitted to selling drugs on several occasions to other Soldotna High School students. Such activity violates BP5131.6(b). Under this policy an immediate suspension and recommendation for expulsion to the Superintendent and school board was appropriate.
4. The student admitted to selling paraphernalia off campus and that this same paraphernalia was being used by students on campus on October 3, 2005, when the students were caught smoking marijuana.
5. Repeated use of marijuana on school property and the distribution of marijuana to other students is inimitable to the safety, welfare, and morals of the other students which is grounds for expulsion. AS 14.30.045.

OUR DECISION: The student is expelled for the remainder of the 2005-2006 school year and is subject to the following conditions on readmission at the beginning of the 2006-2007 school year:

1. Completion of a drug and alcohol counseling program which includes drug testing approved by the District with a written statement from the program provider stating that the student has successfully completed the program, and
2. Completion of a minimum of 3 credits of high school work through the KPBSD Connections program during the remainder of the 2005-2006 school year.”
