BOARD COMMENTS:

(8:50:16 PM)

Mr. Holt reported that during the February KPSAA meeting the group discussed whether participation in borough championships for cross-country running, skiing, and track should be mandatory. He alerted the Board that making the meets mandatory would require a change to the KPSAA handbook. He reported that he served as course director at the recently held Borough high school ski championship, the high school Region III Championship and the junior high Borough ski championship.

Mrs. Crawford noted that the Tsalteshi Trails are in great shape and thanked Mr. Holt for his work. She thanked the Kenai Central High staff and students for the school report. She thanked Mr. Young for the Connections Homeschool report. She invited those present to testify at the Kenai Legislative Information Office on Wednesday, March 7, where the House Finance Committee will take public testimony on the state budget. She urged interested persons to support an increase to the base student allocation and SB171.

Mr. Anderson thanked the Kenai High School staff and students for the presentation. He cautioned against the Board's participation in the METS helicopter crash simulation training because he completed the training in November 2011 and it was not pleasant. He explained that he regretfully voted "no" on the Board President's recommendation regarding the conflict of interest and added that it will be a disadvantage not to have the experience of Mrs. Crawford and Mr. Holt. He suggested that the Board consider forming a Substance Abuse Committee as a subcommittee of the Board. He added that, according to the mission statement, the Board will provide a "safe learning area" and felt that establishing a committee would fulfill that charge.

Ms. Hohl expressed appreciation for the KCHS report, and the Connections Homeschool report. She asked how the Board could be involved in new construction projects. She appreciated the STEAM analogy. She noted that several District students placed in the statewide PTA reflections competition and will provide a written list at a future date.

BOARD COMMENTS:

(continued)

Miss Ernst expressed appreciation for the two school reports. She expressed concern regarding the District's internet block of sensitive topics, restricting research information for students and asked the Board to discuss the topic in a worksession. - Seward Team - Reader's Theater
- Miss Shaylee Rizzo and Miss Hannah Halliday - Pantomime

- Nikiski High placed in individual events as a team in sweepstakes for the small schools category
- Jacob Mayforth (Homer High) – Original Oration
- Jacob Mayforth and Herman Hannan (Homer High) - Duet Acting
- Adella Sundmark and Theo Noomah (Homer High) - Pantomime

Miss Ernst noted that Homer students performed extremely well and congratulated those who participated in the DDF competition and encouraged District schools to send more teams.

Mrs. Hilts commended Mrs. Henderson for her music teaching skills. She acknowledged that the conflict of interest vote was extremely difficult and added that Mr. Holt and Mrs. Crawford are people of ethics, value, and wisdom.

Mr. Navarre announced that the process is the winner in the conflict of interest matter. He congratulated the Kenai boys' basketball team and the Seward girls' basketball team as well as others that participated in regional competition and qualified to compete in state competition. He stated that the Connections Homeschool Program has done well. He thanked Mr. Fields for the Kenai Central High presentation and noted that forty years ago, Mrs. Henderson was his music teacher. He reported that the METS partnership has been successful and that it assists the pool to operate in the black.

Mrs. Downing agreed with Mrs. Hilts' comments regarding the conflict of interest vote. She stated that she enjoyed the school presentations. She reported that she attended the mass choir event and added that the students were amazing. She thanked the Connections staff for the program and complimented Ms. Nancy Kleine for her work with students. She reported that she attended the ASTE Conference and the leadership summit with Commissioner Handley and that she discussed STEAM versus STEM with the two.
