DATE: April 14, 2008

RE: K-3 Standards-Based Report Card Update

---

The following documents are enclosed as a briefing for the April 14, 2008 worksession on K-3 Standards-Based Report Card Update. During the worksession, I will be prepared to answer questions and receive ideas/suggestions. The documents are designed to be completed online with drop-down boxes which are not readily seen on the printed copy. These drop-down boxes allow for teachers to quickly complete the card with ease.

I look forward to the worksession and sharing with all of you the process utilized in updating these report cards.
