

Greetings. I am excited to be back at Flex. Between teaching and serving as site admin, this will be my eleventh year at the school, and 22nd year in education. I grew up in Minnesota, graduated from St. Olaf College, taught for a few years in Montana on the Northern Cheyenne Reservation, and then moved to Alaska. That was 20 years ago. Since then, I've taught and commercial fished from Kotzebue to Ketchikan. I moved to Homer in 2010. My wife and I have three boys, a four year old, a three year old, and a one year old. Needless to say, our house can be a bit energetic at times.

Flex is a unique and wonderful place. Our students and staff are amazing, and we have worked together to create an accepting, supportive learning environment. I am reminded regularly just how lucky I am to be part of this Flex family.
