

# 03/28/24—Mrs. Hurst's Bi-Weekly 3rd/4th Class Newsletter

Discovery is the act of detecting something new,  
or something “old”, that had been unknown.

## This Week We...

\*Did our Alaska State testing. Despite the nerves and the unknown, students worked hard and persevered!

\*Worked on ordering decimals and equivalent fractions.

\*Began discussing the food chain—producers, decomposers, herbivores, omnivores, and carnivores.

## **Lifelong Guidelines:**

### **Week of 4/1/24: Active Listening**

To listen with the intention of understanding what the speaker intends to communicate.

### **Week of 4/8/24: No Put-Downs**

To never use words, actions and/or body language that degrade, humiliate, or dishonor others.

Dear Families,

## **After Testing Fun Night Meeting!**

Parents are invited to join us at 4:00 on Tuesday, April 2nd to plan the After Testing Fun Night. This is an activity designed for 3rd-5th graders and will be held on April 12th. Please join us in the library if you are interested in volunteering or wish to participate in the planning.

## **Lost and Found**

The lost and found is overflowing! There are many unclaimed treasures there. Please stop by to see if any of your child's items are there. All lost and found will be removed by Wednesday of next week.

## **Seward Study Trip—May 8th**

We are fortunate that we received a scholarship from the SeaLife Center which allows us to reduce the cost per student from \$40.00 to **\$28.00! We are asking that this fee is paid to KSAS by April 11th.** If assistance is needed, please let myself or the office know. The parent chaperone fee is \$40.00. Please let me know if you are interested in chaperoning.

Please be aware that we will be departing KSAS at **6:45 am** and returning at approximately **5:00 pm.**
