**April 2024**

## This month in Kindergarten...

We wrap up our unit on Alaskan Animals. We will focus the first week of April on birds of Alaska and end the unit with Alaskan animal stories and integrated art projects. Our next unit of study explores earth science: "Rocks, soil, sand, and silt". This unit culminates in an exploration of tide pools. That's just in time for our study trip to Homer's Islands and Oceans! We will need many parent volunteers and more info will be send home in the Friday Folders on 4/5. As we approach the end of the school year, please pay attention to all emails, phone messages, and info coming home in backpacks. We have a very busy school this time of year and don't want you to miss any of the fun!

## Home Links:

- Work on your April Homework Packet through out this month. Have fun learning together.
- Practice writing CVC words and all sight words from the list.
- Check your Friday Folder each week for other fun home- school connection activities.

## REMINDERS...

As the weather changes, please pack appropriate gear for the day. It might be time for rain boots/ pants! Please take all gear out of the backpack and dry it overnight for the next school day!

Please consider volunteering in the classroom and on upcoming study trips. If you are not already approved, please work on your background check NOW to avoid delays.

Always accepting donations of snacks and paper towels. Thank you!
