OLD BUSINESS	
Playground	Vaughn updated the members explaining what the vision is for the outside area is. How the school is wanting an outside community area with a climbing structure for students to climb and just hangout on. Also, a large swing set and a covered pavilion. There has been some fundraising, and we have most of what we need for the climbing structure but are running into some shipping snags financially. We discussed going to the city of Kenai and possibly B & G Club for some help. We also discussed what it would look like for a CTE program or a high school shop class to help with building the swings/ pavilion.
Rebranding	Vaughn let everyone know that we had left off with forming a sub committee for rebranding the school. The subcommittee will meet before our next meeting. There is question how rebranding will be received and if we should put out a survey to see if there is even any interest. Bethany will pick a date for the sub committee to meet.
