

McNeil Canyon Elementary

Site Council Meeting

9 Nov. 21

Members Present: Pete Swanson, Kristi Baum, Jaime Pennington, Amy Budge, Eric Engebretsen, Joy Overson and Kendall Dellasperanza.

Members Absent: Mark Marette

Others Present: School Board member, Zen Kelly

The meeting was called to order at 3:35pm.

Site News: Our after-school basketball program has started with around 26 students between 3rd-6th grade participating. We are looking forward to our first game versus Chapman on the 16th. We will have two additional games after that between West Homer and Chapman. Pete and Josh are beginning the buildup of the ice rink. Kendall shared that student council is excited to plan our next skate night and they are coming up with new and creative ideas to make it even more special. Pete spoke about the Title 1 position that has been posted for our school. The person hired for the position will work with our targeted kids in the area of reading. We currently have seven students that qualify for that assistance. We have another group of students that are currently being observed for possible Title 1 help in the future. If they do not show growth over a period of time, they will be added to the Title 1 program to receive assistance. Pete has recently received three applications for the position and is currently reviewing them.

KPBSD Budget Update:

The council reviewed the 710 pupil accounts. Pete is still looking for a used ice skate sharpener. They are hard to come by but would benefit our program if a sharpener were found. Student council is currently reviewing different ways they can use their funds to benefit the student body. All other funds are in order.

The meeting adjourned at 4:19 pm

Respectfully submitted,

Joy Overson
