

## **SBC Meeting 2/15/21**

1. Attendance: Sandy Barron, Laura Johnson, Susanna LaRock, Jand & Laura Aigeldinger, Jen and JD Boyle, Virginia Morgan, Principal Hayman
2. Approval of Agenda: Motion; Sandy, Second Laura
3. Approval of Agenda
4. Reports
  - a. Teachers: Ms. Barron;
    - i. Battle of the Books went really well. In middle school age Olice and Lillian made it to the finals! Thank you to all who volunteered.
    - ii. Results of the iDitacontest-ASTE came through. Gabby and Olive won awards and the participation was awesome!
    - iii. We're mid way through Black History Month and we'll continue to be doing projects with that.
    - iv. Sandy, Susanna and Debbie all received the first round of COVID-19 vaccines.
    - v. The Custodian position is opened again. Willow's situation has changed so she has put in her letter of resignation. There is someone who will be helping part time on Tuesdays and Fridays. This, along with a lack of teacher's aid has put additional strain on staff and it was brought up that lack of cleanliness right now is obviously detrimental.
    - vi. Kids are doing great with social distancing and wearing masks.
  - b. Principals: Mr. Hayman;
    - i. Reiterated that the evening custodial position would again be vacant but that the HR department now has paperwork and should be getting job posting out soon. Mentioned that Val from Seward elementary would be covering the Tuesday and Friday shift to perform deep cleaning type duties.
    - ii. Thanks to volunteers covering recesses and to Susanna for going above and beyond in her duties to give Ms. Barron even a few moments.
    - iii. Thanks to Laura Johnson for help with designing Tustumena's logo for the t-shirt fundraiser.
    - iv. Mr. Hayman took the opportunity to discuss the many changes that occurred at all levels in the district, not just here at the Moose Pass or other schools, but at the main office as well.
  - c. KPBSD Board: Ms. Morgan;
    - i. Ms. Morgan volunteered an update from the KPBSD Board Meeting mentioning that much of the discussion has been made about budget and cuts. When the subject of closures was raised it was

swiftly brought up that closures of schools in the area does not provide savings and has a largely negative impact on the public. She mentioned that it would be a good time to reach out to assembly members if we have thoughts on the matter. It was also mentioned that there had been some discussion, regarding students who had some 'catch up' to do due to the pandemic, potentially from less senior members, that some of the blame is due to teachers not doing their work and parents having to be more involved. Several members of today's meeting verbally disagreed with this sentiment and Ms. Morgan said that it might be a good idea to also address this subject in the letter to our assembly member.

5. Old Business: Alyeska Ski Days will not be happening this year. Mr. Haymond mentioned that while it did not happen this year, it is something he really does not want to see disappear.
6. New Business:
  - a. The T-shirt fundraiser will be 'relaunched' due to the fact that people who did not see the initial launch have been asking to purchase items.
  - b. In addition to this Susanna mentioned that it would be good to ensure that every student has one of the T-shirts and asked that the cost be covered by the Moose Pass School fundraiser. Mr. Haymand got clarification of the amount at around \$20 +/- per T-Shirt for 18 students, equalling around \$400. Susanna motioned, Sandy seconds, Jen calls the vote. The vote passed unanimously that the amount of \$400 would be used to purchase 1 T-shirt for each student.
7. Next Meeting: March 15th @ 3:45PM
8. Motion to adjourn meeting: Laura, Sandy Second
