

# Middle School Sports and Activities Packet 2020-2021

**This packet contains:**

- ✓ Medical Card / Emergency medical treatment consent form
- ✓ Permission form / Hold Harmless / User Fee Form
- ✓ Covid-19 Hold Harmless, Release and Waiver
- ✓ Sudden Cardiac Arrest Information Sheet
- ✓ ASAA's Play for Keeps Tobacco, Alcohol, and Drug Policy Form and video information
- ✓ Parent Acknowledgement and Consent form
- ✓ KPBSD Middle School Activity Guidelines and Policies
- ✓ Parent's Guide to Concussion in Sports

It is important that both students and parents are familiar with the policies and rules of the Kenai Peninsula Borough School District regarding activities and athletics. Please carefully review the information on the attached forms and turn into the Coach before practices begin.

## Go Bulldogs!

**FOR ALL SPORTS AND ACTIVITIES**

I understand that all co-curricular activities have a certain degree of risk. I also understand these risks may include injury ranging from minor sprains and contusions, to major injury, possible paralysis, or even death. I understand the possibility of serious injury may impair my future abilities to earn a living; to engage in other business, social and recreational activities; and to enjoy life generally.

Having read and understood the above warning, I recognize the importance of following coaches' instructions regarding playing techniques, training and other team rules, and I agree to obey such instructions.

I have read the Kenai Peninsula Borough School District activity guidelines and understand their contents. I understand that the Kenai Peninsula Borough School District and Alaska School Activities Association will not assume responsibility for injuries sustained in the co-curricular programs. I also understand that primary accident insurance coverage is my responsibility. I give consent for emergency treatment to be administered to my child. I also authorize the school to transport my child for any co-curricular activity.

Except for claims arising from the sole negligence or willful misconduct of the school district, I hereby agree to hold the Kenai Peninsula Borough School District, its employees, representatives and coaches, harmless from any and all liability, actions, debts, or claims of every kind whatsoever which may arise by or in connection with participation of my child/ward in activities related to the above mentioned middle school programs. The terms hereof shall serve as a release for my heirs, estate, executor and all members of my family.

Having read the above warning and having understood the dangers and potential risks involved in playing or practicing these activities, I give my consent as the parent/legal guardian of \_\_\_\_\_ (student's name) to participate in the following program:

**MIDDLE SCHOOL**  
**CO-CURRICULAR PARTICIPANT USER FEE CONTRACT**

\_\_\_\_\_  
Student Name (printed)\_\_\_\_\_  
School\_\_\_\_\_  
Grade\_\_\_\_\_  
Date

**Activity Fee Obligations**

In an effort to supplement available state and District funds for our co-curricular programs, a fee will be collected from student participants. This revenue will be used to cover travel and official costs, additional coaching salaries, as well as replacement of equipment and uniforms. The student shall pay the appropriate fee by the beginning of the activity in order to participate. In the case this deadline cannot be met, the student must make specific arrangements with the athletic director. Payment of the user fee provides **for participation only** and **does not guarantee playing time** in competitions, or any similar guarantee.

**ACTIVITY FEE CHARGES**

**Middle school students** shall be charged \$60 per activity.

The activity your child is participating in at this time is:

\_\_\_\_\_

**Refund of Activity Fees**

**Full Refund:** Students who are cut from a co-curricular activity during the first ten (10) days of practice will receive a full refund.

**Prorated Refund:** Students injured or having special extenuating circumstances during the same activity season will receive a prorated refund, the amount of which will be determined by the coach and athletic director/administrator.

**No Refund:** Students who quit and/or withdraw from a team due to disciplinary reasons will not receive a refund.

\*\*\*\*\*

I have read and understand the above terms and conditions and agree to abide by the same.

Revised 4/06

**KENAI PENINSULA BOROUGH SCHOOL DISTRICT**

**SUPPLEMENTAL HOLD HARMLESS, RELEASE  
AND WAIVER OF LIABILITY RELATED TO COVID-19**

The Kenai Peninsula Borough School District ("KPBSD") plans to allow sporting events or similar activities (herein referred to as "SPORTING EVENT") to take place. In consideration for being permitted to compete, officiate, observe, work, and/or participate in a SPORTING EVENT, I \_\_\_\_\_, on behalf of myself and my minor children, agree and consent to the following:

1. I affirm that neither I, nor any person residing in my household, including the actual participant(s) in the SPORTING EVENT, has been diagnosed with, demonstrated any symptoms of, or have in any way knowingly been exposed to any communicable diseases, including the novel corona virus known as COVID-19 within the past thirty (30) calendar days;
2. I acknowledge that I am aware that by entering the premises where the SPORTING EVENT is being held that there is a risk to me and my minor children of being exposed to COVID-19, and/or any mutation or variation thereof. I am also aware that such an exposure can occur either directly or indirectly whether or not a mask and/or gloves are worn and that KPBSD cannot guarantee that by entering the premises of the SPORTING EVENT there will be no exposure to COVID-19;
3. I understand that while certain individuals are more susceptible to becoming seriously ill if they contract COVID-19 (such as people over 65, people with serious underlying health conditions, and those with compromised immune systems), anyone, including a healthy person, is susceptible to contracting COVID-19. By signing this Waiver of Liability, I fully and knowingly agree to ASSUME ALL RISKS associated with attendance at a public event and potential exposure which may include potential exposure to the COVID-19 virus for myself and any minor children whom I consent to attend the SPORTING EVENT;
4. I understand and acknowledge that KPBSD cannot eliminate the risk of exposure to COVID-19 and agree that by the signing of this Waiver I, on behalf of myself and my minor children, ASSUME ALL RISKS, associated with my involvement and my children(s) involvement in the SPORTING EVENT;
5. By signing this Waiver, I acknowledge that participation in or attendance at the SPORTING EVENT is not required by KPBSD;
6. I agree that this Waiver, Release and Assumption of Risk is to be binding upon my heirs and the heirs of my children;
7. I hereby voluntarily agree to RELEASE, WAIVE, DISCHARGE and COVENANT NOT TO SUE KPBSD and/or its officers, directors, Board members, employees, contractors and/or

volunteers; including promoters, participants, officials and owners of the SPORTING EVENT premises (hereinafter "Releasees"). By signing this document, RELEASEES WILL BE RELEASED FROM ANY AND ALL LIABILITY for any loss or damage whether caused by the negligence of the Releasees or otherwise, provided that nothing in this Supplemental Hold Harmless Release and Waiver of Liability Related to COVID 19 shall amend the health insurance coverage and agreement, if applicable, provided to me and my eligible family members by KPBSD;

8. To the maximum extent allowed by law, I hereby agree to INDEMNIFY AND HOLD HARMLESS the Releasees from and against any and all claims for damages, causes of action or injuries, any loss, liability, cost, (including attorneys' fees and costs expended in the defense thereof), which may be incurred or which may arise out of or related to my illness or death, or the illness or death of my children, including the actual participant(s) in the SPORTING EVENT whether caused by the negligence of the Releasees or otherwise.

**BY SIGNING BELOW, I CERTIFY THAT I HAVE READ AND UNDERSTAND THIS WAIVER AND RELEASE; THAT I AM THE PARENT OR LEGAL GUARDIAN OF THE MINOR CHILD(REN) WHOM I ACCOMPANY OR ALLOW TO PARTICIPATE IN THE SPORTING EVENT; AND THAT I KNOWINGLY AGREE TO RELEASE AND WAIVE ANY CLAIM OR LEGAL CAUSE OF ACTION THAT I OR MY CHILDREN MAY HAVE AGAINST RELEASEES.**

# **SUDDEN CARDIAC ARREST**

## **Parent & Student Information Sheet**

Sudden Cardiac Arrest (SCA) takes the lives of thousands of students every year. It is the number one cause of death in student athletes. SCA is where the heart stops beating suddenly. An individual will stop breathing and collapse, lying motionless or appearing to have a seizure.

Causes of SCA include:

- Structural heart defects (hypertrophic cardiomyopathy, Marfan syndrome etc.)
- Electrical Heart Defects (long QT syndrome, Wolff-Parkinson White Syndrome, etc.)
- Blow to the chest (Commotio Cordis)

Risk Factors for SCA include:

- Fainting or seizures during or immediately following exercise
- Chests pains during exercise
- Unexplained shortness of breath, long time to catch breath
- Dizziness
- Unusually rapid heart rate
- Extreme fatigue, always tired and lack of energy
- Unexplained sudden death of a direct family member under the age of 50

If you have any of the risk factors consult your healthcare provider

To increase the chances of surviving SCA there should be:

1. An Emergency Action Plan in place for every practice and event
2. Someone immediately calling 911
3. An Automated External Defibrillator (AED) immediately accessible
4. Cardiopulmonary Resuscitation (CPR) hands only started immediately

I have reviewed and understand the symptoms and warning signs of SCA

**IMPORTANT:** Before participation in activities students and parents must watch ASAA's "Play for Keeps Orientation Video". Please go to <http://asaa.org/asaa/play-for-keeps/> to watch this video. Click on link "[View the Play for Keeps Orientation Video](#)" and watch the entire video about Alaska's tobacco, alcohol and drug policies for student athletes. It is very important that students and parents know the penalties under this policy.

## Play for Keeps

ALASKA SCHOOL ACTIVITIES ASSOCIATION

## Student, Parent/Guardian Acknowledgement Form

Please read the following statements, sign below and return to your school's office

- I have participated in ASAA's "Play for Keeps" orientation and have watched the DVD presentation.
- I understand the terms of the Tobacco, Alcohol and Controlled Substances Policy as explained during the presentation, including the penalties for violations.
- I further understand that it is solely the school's responsibility to determine if a violation has occurred and that the school's decision may not be appealed to ASAA.
- I further understand that schools are required to report each violation to ASAA and to maintain strict confidentiality as specified in the policy. More specific wording of the confidentiality statement is found in the policy which is available from the school or at [www.asaa.org](http://www.asaa.org).
- I further understand that students must participate in the orientation and sign this form each season prior to competition.
- I further understand that a student's parent/guardian must participate in the orientation and sign this form at least annually for the student to gain eligibility.
- I further understand that a copy of this signed form must be returned to the school before the student is permitted to participate in interscholastic activities.
- I further understand that schools shall keep a copy of the signed forms on file.
- After participating in the "Play for Keeps" orientation and having the opportunity to review and understand ASAA's Tobacco, Alcohol and Controlled Substances Policy, the violations, penalties and reporting requirements, I agree (both student and parent/legal guardian) to be bound by the terms of the policy.

# ASAA PARENT AND STUDENT VERIFICATION OF RECEIPT OF INFORMATION CONCERNING CONCUSSIONS

In accordance with AS 14.20.142, the School District requires that each athlete, and each minor athlete's parent/guardian, receive written information on the nature and risks of concussions each year. Students may not participate in school athletic activities unless the student and parent/guardian of a student who is under 18 years of age have signed a current verification that they have received the information provided by the District. Parents will be provided with a pamphlet provided by the Alaska School Activities Association entitled "A Parent's Guide to Concussions in Sports." Students will be provided with a fact sheet produced by the U.S. Dept. of Health and Human Services Centers for Disease Control and Prevention entitled "Head's Up: Concussion in High School Sports – A Fact Sheet for Athletes." Students who are 18 years of age or older will also be provided with the Parent's Guide.

Parents and Students should review this information, discuss it at home, and direct any questions to the student's coach, school principal or athletic activities director.

## Student Acknowledgement (required for all athletes)

I acknowledge that I have received a copy of "Head's Up: Concussion in High School Sports – A Fact Sheet for Athletes" and understand its contents.

**Student Signature**

**Print Name**

**Date**

## Parent/Guardian/Eligible Student Acknowledgement (Parent signature required for all students under 18 years of age; student signature required for students age 18 or older)

I acknowledge that I have received a copy of "A Parent's Guide to Concussions in Sports" and understand its contents.

**Parent/Guardian/Eligible Student Signature**

**Print Name**

## **ASAA Parent's Guide to Concussions in Sports** (Revised 04/14)

### **What is a concussion?**

- A concussion is a brain injury which results in a temporary disruption of normal brain function. The injury occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a direct or indirect force. An athlete does not have to lose consciousness ("knocked-out") to suffer a concussion. In fact only 3-10% of concussions do produce loss of consciousness.

### **Concussion Facts**

- It is estimated that over 250,000 high school athletes across the United States suffer a concussion each year. (Data from NFHS Injury Surveillance System, 2010-2011). The CDC estimates 5.5 million sports concussions occur annually in the United States (CDC, 2011)
- Concussions occur most frequently in hockey and football, but girls' soccer, boys' soccer, and girls' basketball follow closely behind. All athletes are at risk.
- A concussion is a traumatic injury to the brain.
- Concussion symptoms may last from a few days to many months.
- Concussions can cause symptoms which interfere with school, work, and social life.
- An athlete should not return to sports when still having symptoms from a concussion as they are at risk for prolonging symptoms and at risk for sustaining additional, more serious, brain injury.
- A concussion may cause multiple symptoms. Many symptoms appear immediately after the injury, while others may develop over the next several days or weeks. The symptoms may be subtle and are often difficult to recognize.

### **What are the signs and symptoms of a concussion?**

#### **SIGNS OBSERVED BY PARENTS, FRIENDS, TEACHERS OR COACHES**

Appears dazed or stunned

Is confused about what to do

Forgets plays

Is unsure of game, score, or opponent

Moves clumsily

Answers questions slowly

Loses consciousness

#### **SYMPTOMS REPORTED BY ATHLETE**

Headache

Nausea

Balance problems or dizziness

Double or fuzzy vision

Sensitivity to light or noise

Feeling sluggish

Feeling foggy or groggy

Shows behavior or personality changes

Can't recall events prior to hit

Can't recall events after hit

Concentration or memory problems

Confusion

### **What should I do if I think my child has had a concussion?**

If an athlete is suspected of having a concussion, he or she must be immediately removed from play, be it a game or practice. Alaska Statute requires that (1) a student who is suspected of having sustained a concussion during a practice or game shall be immediately removed from the practice or game and (2) a student who has been removed from participation in a practice or game for a suspicion of a concussion may not return to participation in practice or game play until the student has been evaluated and cleared for participation in writing by an athletic trainer or other qualified person who has received training, as verified in writing or electronically by the qualified person, in the evaluation and management of concussions.

Continuing to participate in physical activity after a concussion can lead to worsening concussion symptoms, increased risk for further injury, and even death. Parents, coaches, and officials are not expected to be able to "diagnose" a concussion, as that is the job of a medical professional. However, you must be aware of the signs and symptoms of a concussion. And, if you suspect a concussion, then your child must stop playing:

### **When in doubt, sit them out!**

All athletes who sustain a concussion need to be evaluated by a health care professional who is familiar with sports concussions. You should call your child's physician and explain what has happened and follow your physician's instructions. If your child is vomiting, has a severe headache, is having difficulty staying awake or answering simple questions he or she should be taken to the emergency department.

### **When can an athlete return to play following a concussion?**

After it is determined that an athlete has suffered a concussion, the athlete may not return to play or participate until the athlete has completed the ASAA Return to Play Protocol. Previously, athletes were allowed to return to play if their symptoms resolved within 15 minutes of the injury. Studies have shown us that the young brain does not recover quickly enough for an athlete to return to activity safely in such a short time.

Concerns over athletes returning to play too quickly have led state lawmakers, in Alaska and most other states, to pass laws stating **that no player shall return to play following a suspicion of concussion on that same day and the athlete**

**must be cleared by an appropriate health care professional before they are allowed to return to play in practices or games.** The laws also mandate that coaches receive education on recognizing the signs and symptoms of concussion.

Where an athlete is evaluated as having suffered a concussion, only when an athlete has been completely free of concussion symptoms for 24 hours, are they eligible to be cleared to begin the Return to Play Protocol. The athlete should proceed with activity in a step-wise fashion to allow the brain to re-adjust to exertion. There is a minimum of 24 hours between steps in the Protocol. Some athletes complete one step each day. An individual athlete may be guided through the Protocol more slowly if they are at risk for prolonged concussion or additional brain injury. If symptoms recur during exercise, then exercise is ended and begins the next day at the preceding day's level.

## **Concussion Return to Play Protocol (ASAA, 2/18/2012)**

- Symptomatic Stage:
  - Physical and Cognitive Rest.
  - Then Incremental Cognitive Work, without Provoking Symptoms.
  - **If no symptoms, then:**
- Day 1:
  - Begin when symptom free for 24 hours.
  - 15 min **light aerobic** activity (walk, swim, stationary bike, no resistance training).
  - **If no symptoms, then:**
- Day 2:
  - 30 min **light-mod aerobic** activity (jog, more intense walk, swim, stationary bike, no resistance training).
  - **Start PE Class** at previous day's activity level.
  - As RTP Protocol activity level increases, PE activity level remains one day behind.
  - **If no symptoms, then:**
- Day 3:

- 30 min **mod-heavy aerobic** activity (run, swim, cycle, skate, Nordic ski, no resistance training).
  - **If no symptoms, then:**
- Day 4:
  - 30 min **heavy aerobic** (hard run, swim, cycle, skate, Nordic ski).
  - 15 min **Resistance Training** (push-up, sit-up, weightlifting)
  - **If no symptoms, then:**
- Day 5:
  - **Return to Practice, Non-contact Limited Participation** (Routine sport-specific drills).
  - **If no symptoms, then:**
- Day 6:
  - **Return to Full-Contact Practice**
  - **If no symptoms, then:**
- Day 7:
  - **Medically Eligible for Competition when completes RTP Protocol and is cleared by Healthcare Professional**
  - **ASAA Eligibility Criteria** must be met before return to competition.

**If symptoms recur at any step, the athlete should cease activity and be re-evaluated by their health care provider.**

### **How can a concussion affect schoolwork?**

Following a concussion, many athletes have difficulty with cognitive work: thinking, focusing attention, calculating, attending school, doing homework, taking tests. These problems may last from days to months and often involve difficulties with short and long-term memory, concentration, and organization.

Following concussion, athletes should begin with a period of rest, in which they avoid cognitive work. As concussion symptoms diminish and the athlete feels able, he/she can begin trials of cognitive work, e.g. reading, texting, computer, TV, videos, school. The introduction of cognitive work should be in short increments which increase progressively in length, so long as symptoms do not recur or worsen with the work. For example, start with 30 minutes of computer time, and, if symptoms do not worsen, try one hour later in the day. If several

hours of cognitive work are well tolerated at home, try attending a half day of school. When a full day of school is tolerated add homework.

Academic accommodations may be necessary for students attempting to attend school when they still have concussion symptoms. In many cases it is best to lessen the athlete's class load early on after the injury. This may include staying home from school for a few days, followed by a lightened schedule for a few days, or perhaps a longer period of time, if needed. Decreasing the stress on the brain early on after a concussion may lessen symptoms and shorten the recovery time. If cognitive work at any time provokes or exacerbates symptoms, then the work should be discontinued and there should be cognitive rest until the symptoms subside. The student can attempt to advance cognitive work again on the day following resolution of the increased symptoms.

### **What can I do?**

- Learn to recognize the "Signs and Symptoms" of concussion as listed above.
- Emphasize to administrators, coaches, and other parents your concerns and expectations about concussion and safe play.
- Teach your athlete to tell the coaching staff if the athlete suspects that they or a teammate has a concussion.
- Monitor sports equipment for safety, fit, and maintenance.
- Ask teachers to monitor any decrease in grades or changes in behavior that could indicate concussion.
- Report concussions that occurred during the school year or over the summer to appropriate school staff. This will help in monitoring and protecting injured athletes as they move to the next season's sports.

### **Why is it so important that an athlete not return to play until they have completely recovered from a concussion?**

Athletes who are not fully recovered from an initial concussion are significantly vulnerable for recurrent, cumulative, and even catastrophic consequences of a second concussive injury. The risk of such difficulties is diminished if the athlete is allowed time to recover from the concussion and return to play decisions are carefully made. No athlete should return-to-sport or other physical activity when symptoms of concussion are present.

### **Is a "CAT scan" or MRI needed to diagnose a concussion?**

Diagnostic imaging tests, which include CT ("CAT") and MRI scans, are rarely needed following a concussion. While these are helpful in identifying life-threatening brain injuries (e.g. skull fracture, bleeding, swelling), the tests are typically normal, even in athletes who have sustained a severe concussion. A

concussion is diagnosed based upon the athlete's story of the injury and a physical examination.

### **What is the best treatment to help my child recover more quickly from a concussion?**

The best treatment for a concussion is rest. There are no medications that can speed the recovery from a concussion. Exposure to loud noises, bright lights, computers, video games, television and phones (including text messaging) all may worsen the symptoms of a concussion. You should allow your child to rest as much as possible in the days following a concussion. As the symptoms lessen, you can allow increased access to computers, video games, etc., but the access must be lessened if symptoms worsen.

### **How long do the symptoms of a concussion usually last?**

The symptoms of a concussion will usually go away within two weeks of the initial injury. However, in some cases, symptoms may last for several weeks, or even months. Symptoms such as headache, memory problems, poor concentration, and mood changes can interfere with school, work, and social interactions. The potential for such long-term symptoms and disability underscores the need for careful management of all concussions.

### **How many concussions can an athlete have before he or she should stop playing sports?**

There is no "magic number" of concussions that determine when an athlete should give up playing contact or collision sports. The circumstances surrounding each individual injury, such as mechanism of injury and length of symptoms following the concussion, are very important and must be considered when assessing an athlete's risk for further and potentially more serious concussions. The decision to "retire" from sports can only be reached following a thorough review of the athlete's concussion history, coupled with a thorough and frank discussion between you, your doctor, and your child.

### **I've read recently that concussions may cause long-term brain damage in professional athletes. Is this a risk for high school athletes who have had a concussion?**

The issue of "chronic encephalopathy" in some former NFL and NHL players has received much media attention. Very little is known about what may be causing dramatic abnormalities in their brains. These players had long professional careers after playing in high school and college. In most cases, they played more than 20 years and suffered multiple concussions in addition to thousands of other blows to their heads. Alcohol, steroid, and other drug use may also have contributed to the brain changes. The average high school athlete does not

accumulate nearly the number of potentially injurious blows to the brain as a professional player. But we know that the teenage brain is much more vulnerable to injury and to more severe injury than the older brain. And the fact that we know very little about the long-term effects of concussions in young athletes is further reason to very carefully manage each and every concussion.

### **What will happen when my child completes the Return To Play Protocol?**

When the Return to Play Protocol has been successfully completed, the athlete will be examined by the responsible healthcare provider. Additional tests may be appropriate. The provider will sign a medical clearance to resume competition. The Return To Play Protocol together with medical examination is the internationally recognized process by which concussed athletes are returned to athletic participation as safely as possible. Completing the Return to Play Protocol and medical examination does not mean that the brain has fully recovered from concussion or that there is not risk in returning to competition. But it is the safest way that physicians know at this time. Participation in athletics is accompanied by risk of injury, permanent disability, and death. Having recently sustained a concussion, an athlete is at increased risk for another head injury. Once the athlete is medically eligible to return to competition, the parent and athlete will be asked to sign consent, accepting the risk in returning to play.

Some of this information has been adapted from the CDC's "Heads Up: Concussion in High School Sports," from materials by the OSAA's Medical Aspects of Sports Committee and from materials prepared by the NFHS Sports Medicine Advisory Committee. Please go to [www.cdc.gov/ncipc/tbi/Coaches\\_Tool\\_Kit.htm](http://www.cdc.gov/ncipc/tbi/Coaches_Tool_Kit.htm) or [www.nfhs.org](http://www.nfhs.org) for more information.

If you have any further questions regarding the policies and procedures for managing concussions in Alaska student athletes or want to know how to find a concussion specialist in Alaska, please visit the Alaska School Activities Association website, [asaa.org](http://asaa.org), and your school district website.

ASAA SMAC rev 2 18 2012

Adopted 4/15

**KENAI PENINSULA BOROUGH SCHOOL DISTRICT  
MIDDLE SCHOOL ACTIVITIES GUIDELINES**

**I. PHILOSOPHY STATEMENT**

The KPBSD believes co-curricular activities are an integral part of the educational program. We believe each student should have an equal opportunity to participate in a broad number of activities based on her/his own talents and interests. It is the intent of the District to encourage participation in activities.

The following regulations governing activities in the District strive to treat all participants in like programs in a fair and equal manner without personal bias.

Participation in activities is understood to be a privilege and not an inherent right of the student. *Signing of the Co-curricular Participation Consent Form* indicates knowledge of and willingness to abide by the established rules and regulations of the KPBSD.

**II. KPSAA AUTHORITY**

The KPBSD activities guidelines and other KPBSD pertinent policies govern all co-curricular activities. For purposes of clarification, co-curricular activities are divided into (1) athletic-related co-curricular activities and (2) non-athletic co-curricular activities. All policies contained in this document and KPBSD policies apply to participants in **athletic-related activities** during the sport season in which students participate. All policies contained in this document and KPBSD policies apply to participants in **non-athletic-related activities** representing the KPBSD at school-sponsored, on- and off-campus events.

**III. ENFORCEMENT OF GUIDELINE POLICIES/APEALS**

**A. Student Infractions/KPSAA Policy Appeals Process**

1. **Level I** Principal
2. **Level II** KPSAA Executive Secretary
3. **Level III** KPSAA Board
4. **Level IV** KPBSD Board of Education

**IV. STUDENT ELIGIBILITY**

**A. Parent/Student Responsibilities for Participation**

1. **Physician's clearance.** A yearly physician's clearance for sport activities is recommended and should be kept on file with the coach and the athletic director or principal.
2. **Permission/ Hold Harmless form.** A permission/hold harmless form signed by a parent/legal guardian must be on file with the coach and the athletic director or principal.
3. **User fee.** A user fee payment must be received prior to the first contest or a waiver request must be on file with the athletic director or principal.
4. **Records.** All records must be in order and all forms must be on file before the student is eligible to begin practice in any program.

**B. Student Requirements for Participation in Interscholastic Activities**

1. **Enrollment.**
  - a. **Interscholastic Program:** In order to participate in a school-sponsored activity (including practice), a student must meet one of the following criteria:
    - 1) Be properly registered and enrolled in at least four (4) semester classes, or their equivalent, within the school district.
    - 2) A student attending a KPBSD approved correspondence or charter program that has not been granted separate-school status (greater than 150 students at a designated site) must declare a school within the district as their school of eligibility prior to participating in a school-sponsored activity (including practice).
    - 3) Students attending a KPBSD approved correspondence or charter program that has been granted separate-school status may only participate in non-team related activities (i.e. – cross country running, track, skiing and wrestling) at their declared school of eligibility within the district on a space-available basis as determined by the school administrator and/or site council.
  - b. **Establishing Eligibility:** For transfer purposes, a student establishes eligibility at a school by enrolling in and attending that school for fifteen (15) school days or by participating in an interscholastic activity.
  - c. **Extension of Classroom Competitions:**
    - 1) Students desiring to participate in classroom extensions (band, drama, etc.) must be enrolled and passing in that class at that school.
    - 2) The student is not required to be enrolled in four (4) district classes.
  - c. **Intramural Activities:** Students enrolled in less than four (4) classes or non-enrolled students may participate in intramural activities on a space available basis determined by the building administrator and/or the site-based council.
2. **Attendance.** In order to participate in a school-sponsored activity (including practice), **students must attend all classes on the day of the school activity or on the last regular day of the week for weekend activities** unless otherwise excused by the school.
3. **School grade.** Only students in the seventh and eighth grades may participate. Schools that do not have enough 7<sup>th</sup> and 8<sup>th</sup> grade students to field a team may petition the KPSAA Executive Secretary for a waiver to allow their 6<sup>th</sup> grade students to fully participate for team activities only, (i.e. – basketball, volleyball and soccer).

4. **Age.** A student who is 15 years of age or younger may participate.
5. **Practice.** Athletic participants must have eight (8) separate days of practice to be eligible to compete in a contest.
6. **Borough Tournaments:** Only students enrolled in the public schools of the KPBSD may participate in the Borough team sports tournaments. This includes students enrolled in the Connections Program. A non-KPBSD school on the Kenai Peninsula, having membership in ASAA at the high school level, may participate in middle school level borough tournaments in a non-team sports program, given the school has registered to do so prior to the season, has participated during the season in accordance with KPSAA Middle School Handbook Guidelines, and the school is willing to accept an equal share of tournament expenses.

#### C. Student Scholastic Eligibility for Participation

1. **Academic Progress**
  - a. Eligibility is based on passing cumulative quarter grades.
  - b. Academic standing will be checked weekly.
    - 1) Ineligibility begins the Monday following grade check.
    - 2) Students are ineligible from the Monday following the grade check to the next Monday (one calendar week).
  - c. Students receiving failing grade(s) at the end of a quarter shall be ineligible from that Wednesday until the next eligibility check. Ineligibility as a result of a fourth quarter or second semester "F" will begin the first day the student practices in the fall (cross-country running, soccer).
  - d. If a student requests a transfer of classes after the second week of the semester and is not passing in all classes, the student will remain ineligible for a period of three (3) weeks from the date of the transfer. Eligibility will be restored after the minimum three (3) week period if the student is passing in all classes.
2. **Personal conduct.** Classroom conduct may affect eligibility. Any misconduct affecting eligibility must be recorded in the principal's office.

#### V. PARTICIPATION GUIDELINES FOR ACTIVITIES

- A. **Tobacco, alcohol and controlled substances policy. (ASAA 2008-2009 Handbook, p. 53; TAD Policy)** In order to ensure consistency of tobacco, alcohol and controlled substances use policies by the member schools of the Kenai Peninsula School Activities Association, and in cooperation with the Alaska School Activities Association, the following policy is adopted:
  1. **Prohibited Conduct:** The possession, distribution or use of any tobacco products, alcohol, and controlled substances by a student-athlete or activity participant, whether it occurs on or off school property, is prohibited and shall result in the penalties set forth herein. Additionally, being in the same vehicle, house, location, party, \*proximity, etc. where alcohol/drugs are known to be in illegal possession by minors or willingly remaining in a location or proximity where alcohol/drugs are being illegally consumed will result in the same penalties set forth herein.
  2. **Time Period During Which Policy Applies:** The policy in this section applies to any student who is participating or has participated in interscholastic activities starting from the student's first participation in interscholastic activities, including formal practices which precede interscholastic competition after the initial signing of the Student/Parent/Legal Guardian (TAD) Acknowledgement Form, at any ASAA member school, and continuing until the student graduates from high school. This policy applies during "calendar days" as defined in the ASAA handbook (p. 54, 2008-09 edition).
  3. **Educational Component:** The educational component is a critical part of the policy and is comprised of four parts; Pre-Participation Orientation, First Offense, Second Offense, and Third Offense. ASAA will provide the first three parts of this component for member schools on DVD and through the ASAA website. (ASAA's educational component is applicable to member high schools only.)
  4. **Cumulative and Progressive Penalties:** Violations of this policy will be cumulative and progressive, as described in the following paragraph, throughout a student's high school years. If a student transfers from one ASAA member school to another ASAA member school, the student's cumulative violations will accompany such transfer and shall be the basis for any additional penalties should further violations occur.
  5. **Penalties for Violation of this Policy:**

**First Offense:** The student will be suspended from interscholastic activities and practice for ten (10) calendar days. Fifty (50) percent of the suspension will be forgiven and the student may return to practice if the student and parent/guardian complete the First Offense educational component.

For tobacco use, if a student under the First Offense Penalty violates the Tobacco Rule with the ten (10) calendar days period of suspension, the student's period of suspension will start over again; the First Offense educational component will become mandatory and no forgiveness will be granted. This process will continue until the student has demonstrated ten (10) calendar days without a subsequent tobacco violation. A student who has not completed a suspension or re-suspension under the first Offense penalty for violation of the Tobacco Rule does not become subject to imposition of penalties under a Second, Third or Fourth Offense for violation of the Tobacco Rule, until the student has completed all suspensions and re-suspensions under the First Offense Penalty for tobacco use. A student serving a First Offense penalty under the Tobacco Rule is, however, subject to immediate imposition of a Second Offense Penalty to the extent this is based upon violation of the non-tobacco prohibitions under this policy.

**Second Offense:** The student will be suspended from interscholastic activities and practice for forty-five (45) calendar days. Both the student and parent/guardian must complete the Second Offense educational component prior to the student's return to competition and there will be no forgiveness of calendar days of suspension. While under the period of suspension, the student may return to practice after completion of the Second Offense educational component. A student may need additional days of practice before returning to competition (Article 7, Section 5; ASAA).

**Third Offense:** The student will be suspended from interscholastic activities and practice for one (1) calendar year. Both the student and parent/guardian must complete the Third Offense educational component prior to the student's return to competition and there will be no forgiveness of calendar days of suspension. While under the period of suspension, the student may return to practice after completion of the Third Offense educational component. A student may need additional days of practice before returning competition (Article 7, Section 5; ASAA).

**Fourth Offense:** The student's privilege to participate in interscholastic activities and practice is revoked for the remainder of the student's high school years.

All elements of reporting, enforcement, and administration of the above participation guidelines will be in accordance with Alaska School Activities Association, Kenai Peninsula Borough School District and Kenai Peninsula School Activities Association General Information and Policies.

*\*Proximity is defined as being in the same vehicle, house, location, party, etc. where you know alcohol/drugs are in illegal possession by minors or you willingly remain in a location where you are aware alcohol/drugs are being illegally consumed.*

6. **Chemical assessment.** If a student is dismissed from participation or practice because of alcohol or drug infraction, s/he must have a chemical assessment and/or possible counseling and complete the recommendations from the assessment before s/he can participate in another activity. With administrative approval and upon completion of appropriate assessment and counseling, the student/athlete will become eligible to participate in practice for the last ten (10) days of their thirty (30) day suspension.
7. **Conduct.** Suspension from an activity for a period of time up to thirty (30) consecutive school days or the remainder of the activity season to be determined by the coach/principal shall result from:
  - a. Fighting
  - b. Vandalism
  - c. Theft and/or possession of known stolen property
  - d. Other disciplinary situations which may arise
8. **Other misconduct** occurring while on school grounds or while engaged in school sponsored activities will be subject to penalties according to Board of Education Policies.

**B. Dismissal Rules**

1. **Discipline.** Any student who is cut from a sport/activity for disciplinary reasons will not be eligible to practice or play another sport/activity during the season of that sport/activity.
2. **Voluntary quit.** A student who voluntarily quits a sport/activity season will not be eligible to practice or play in another sport/activity during the season of that sport/activity without administrative approval.

**C. Uniforms/Equipment Rules**

1. **Student responsibility.** Uniforms/equipment issued to a student are her/his responsibility for return or replacement.
2. **Penalty.** If the uniforms/equipment are not returned, replaced, or paid for, the letter/award shall not be awarded nor any additional equipment be issued to the participant for any activity.

**D. Participation Fees**

1. A fee of \$60 per activity shall be charged for soccer, cross-country running, Nordic skiing, basketball (boys and girls), volleyball, wrestling and track and field.
2. Students who are unable to pay all or part of the fee must complete the waiver request form, which is then filed in the school's office.

**E. Additional Coach/Sponsor Rules**

1. **Additional rules.** With administrative approval, coaches may establish additional training rules that are not in conflict with existing KPSAA guidelines or Board of Education policy, e.g., schedules, curfews, etc. for each sport.
2. **Rules on file.** All rules will be on file with the building administrator prior to the season start.

**VI. GENERAL ACTIVITIES POLICIES FOR THE KPBSD**

**A. Travel Limitations.** Vehicles: Students traveling on school days more than a 25 mile radius to or from District- sponsored contests not held at your home site must do so in school provided vehicles, unless specifically released in writing by their parent or legal guardian and approved by the building administrator to travel by some other method. "Home-site" is defined as the location where your school is hosting an event (e.g. Soldotna Sports Center).

**B. Sport Season Practice Rules**

1. **Season starting date:** Practice for a sport may not begin before the day listed by the KPBSD as the season's starting date.
3. **Borough tournament:** There will be no practice sessions during the school year after the Borough tournament.

**C. Awards**

1. **Written guidelines:** These guidelines for earning awards will be given to participants during the first week of practice.
2. **Filing of guidelines:** These guidelines will be on file in the principal's office.

**D. Cheerleaders and Pep Clubs**

1. **Cheerleaders:** There shall be no cheerleaders or related groups at the middle school level.
2. **Travel:** Pep clubs are not permitted to travel during school time or to use school funds.

**E. Required Participation:** All suited players must participate in each contest (excluding Borough tournaments).

**F. Team Selection**

1. **Cut Policy:** The KPBSD allows for a cut policy in all middle school sport areas. Criteria for selecting the team are determined by the coach of each sport.
2. **Criteria:** These criteria should be well defined for aspiring athletes at the beginning of each season.

**G. Participation Limitations**

1. **Basketball**
  - a. No basketball player shall participate in more than one (1) game per day (excluding tournaments).
  - b. No basketball player may participate in more than fourteen (14) basketball games during the season (excluding Borough tournament).
2. **Volleyball**
  - a. No volleyball player shall participate in more than one match per day (excluding tournaments and tri-matches).
  - b. No volleyball player may participate on more than one team on the same day.
  - c. Teams must consist of all girls.
3. **Wrestling**
  - a. No wrestler shall participate in more than eighteen (18) individual matches per season (excluding Borough tournaments and forfeits).
4. **Soccer**
  - a. No soccer player may participate on more than one (1) soccer team on the same day.
  - b. No soccer player may participate in more than eight (8) soccer games during the season (excluding the Borough tournament).
  - c. Teams must consist of all boys or all girls.

**H. Manager Limitations:** Managers of team sports shall be of the same sex as the team participants (excluding coed sports).

**VII. CONCLUDING STATEMENT**

Activity guidelines will be reviewed and revised annually. Recommendations for inclusions or revisions are to be submitted to the KPSAA Executive Secretary prior to the annual spring general meeting of the Kenai Peninsula School Activities Association.
