

Paul Banks Elementary

School Supply Fee Information

What: School Supply Fee

When: 2021-2022 school year

Who: All students PK-2

How Much: \$25 per student

Why:

- Easier and more convenient for families and teacher
- Bulk purchasing allows higher quality supplies at a lower cost
- All students have access to the same supplies

For the 2021-22 school year, PBE will be using a school supply fee instead of asking families to purchase individual school supplies. The fee will be \$25 per student and will cover the cost of all classroom supplies. Parents will only need to supply their child with a backpack and PE appropriate inside shoes.

Payment can be made my check or cash and turned into classroom teachers the first week of school (please make checks out to Paul Banks PTA). If you are unable to pay the school supply fee, assistance will be available. Donation to the supply fund will also be accepted through the Paul Banks PTA.
