учился, ты
учишься для
себя.”

Meeting Minutes

November 22nd
2024

Добро пожаловать в школу Раздольну

Minutes:

- 1) **Sign-In-** 11 present.
- 2) **Site Council Bylaws**
 - a) Feedback from the last meeting- *No feedback, bylaws remain unchanged and will continue as is for another year.*
- 3) **Testing After Thanksgiving!** -
 - a) Food
 - b) Rest
 - c) Attendance/ On Time
Parents concerned that certain families are not providing adequate snacks for their children, especially during testing. Volunteers to provide food came forward. There will be one old believer per Elementary class to handle snack distribution to those who do not have a snack.
- 4) **Janel Harris- Adult Education Classes** - *Lots of interest in boat mechanics and wiring. Especially at the Homer campus.*
- 5) **Dropping student numbers and losing teachers** *Parents were made aware that we need 4 additional students next year or we will be cutting ½ a teaching position. This means we will likely lose an entire teaching position as it is unlikely that anyone will be coming out here for a half day.*
 - *Active recruiting of home school ROB families from outside the village.*
 - *Car pool- Cannot be organized by the school or the district.*
- 6) **School Wide Goals.**
 - a) **School Progress-** *We will know more in December. We are hopeful all classroom data is pointing towards large gains.*
 - b) **Attendance -** *Still poor, wedding season has quarter 2 only slightly above quarter 1. We are not currently achieving our goal.*
 - c) **Reading Progress -** *K-3 are showing great improvement. 4-8 are still struggling. High School is reading above state average as a class.*
- 7) **24-25 Calendar**
 - a) **Feedback & Discussion-** *No feedback given. No problems noted or concerns raised. One holy day PTC date was explained .*
- 8) **Community Feedback & Questions**
Parent 1 would like to see or recommends the following: A focus on the constitution and declaration of independence in history, Sovereign Law and black law dictionary, how to defend one's self in the court of law, learn about the founders of our country and the American constitution, Allotment land rights. He suggests buying a property and building an Air BnB and having the students run it as math and business class. CPR and First aid for all students, Self Defense for all students. All students should be taught the Abacus.
- 9) **Closing**

Additional Notes:

None.
