A Message from Principal Shea!

River City Academy Parents and Guardians!

We would like to invite you to become involved in our (SSC) School Site Council Parent meetings. This council is a great way for you to provide your input regarding student services and program needs, teacher and classroom support, resource ideas to help assist our families, and more!

Because we are a smaller school, I would like to schedule a meeting based on who expresses interest and a time that works best for the majority of people willing to be a part of the council. Please email me to let me know your thoughts, questions, and interest; if you could also include meeting times that would work best for you, that would be greatly appreciated.

Several topics we will be discussing are student enrollment, staffing, building needs and wants for our future school move, and exploration/elective class ideas.

Shea Nash
Principal -River City Academy

We are currently planning our 2023/2024 school year!

We have opened up enrollment to our families for siblings that want to come to our school for next year! Please fill out an application form from our RCA website or copies can be found in our office. Additionally, if you know of anyone who would benefit from extended project time, mentoring, helpful feedback, and a culture of respect, encourage them to check out RCA!

Please turn in completed applications to our
RCA office or email Amanda @ abarber@kpbsd.k12.ak.us

For current students that will be returning next year:

There will be more communication later on regarding how to re-register your student for next year.

Our Lost and Found is overflowing!

We will be donating everything that isn't claimed by it's owner during Spring Break.

We are offering after school tutoring for RCA students needing extra help on their Summit courses!

We will be offering tutoring on most Tuesday's if we get enough interest. To run this program successfully we ask that students come ready to receive help and have a plan during tutoring hours.

We ask that all students are picked up no later than 5 pm.

Middle College students needing additional support in their KPC courses are encouraged to seek help from the Learning Center or Math Lab.
