Thank you for being such an important part of our school community!

A Message from Principal Shea

The end of the quarter is fast approaching!

RCA will be hosting Student Led Conferences on October 24th and 25th. Students will secure a time with their parent and Mentor soon. This is dedicated time that our students can show their families and Mentor the great progress they have done from the start of the school year. More details to come about Student Led Conferences in the coming weeks.

If you need help with pairing as an observer to Gradient Learning for your students account, see Gradient Learning instructions on page 3 of this newsletter.

RCA SPOTLIGHT

MRS. WISEMAN MATH TEACHER

Meet Kayli Wiseman, RCA's talented math teacher! Originally from Missouri, Kayli has a passion for sewing and spending time with her family. She recently had one of her homemade dolls featured in an Etsy commercial! In her senior year of college, she was honored as Senior Mathematic Student of the Year, and she recently earned her master's in math. Kayli's favorite subject to teach? Algebra! We're so lucky to have her at RCA!

at any time to find quick tools for accessing Gradient Learning!

On our website you can access Gradient Learning at any time!
Feel free to bookmark the Gradient Learning website once you enter the site from our school page.

STEP 1: Before Parents/Guardian's set up an observer account through Gradient Learning you will need to have your child send you a pairing code. These pairing codes can only be found so far through the student's profile in their settings menu. We are trying to come up with a better system but we appreciate your patience. If at anytime you need assistance with having your child sent a pairing code you can email your students mentor or contact the RCA Office.

Tip: If you have computer and internet access at home you can have your student login through the Gradient Learning website and send you a pairing code as you are setting your observer account at the same time. These codes are only good for 7 days before they expire, so please make sure to link your observer account within those 7 days.

There is also a video that will help with setting up your observer account (for parent/guardians): <https://www.youtube.com/watch?v=B-gz74Kr2RQ>.
