- Seward High Basketball: freshman year
- Seward High Track: senior year

#### **College Dual Credit Classes**

- American Literature
- Intro to Composition Writing

- General Psychology
- Philosophy
- Intermediate Algebra

## Skills

I have worked one season in the interpretive staff as part of the Youth Conservation Corps. Before that I worked as an unofficial deckhand on fishing boats for unofficial pay. I have also completed many yard work tasks and jobs like mowing grass, raking, trash pickup, and chopping wood.

I have a natural ability to communicate well with people. As an interpretive YCC I am required to talk to hundreds of people a day. From this job I have learned much about wildlife, marine wildlife, glaciers, and geology. That job required me to communicate the information I know to visitors in a way that can be understood. Also, being part of the Seward High Drama, Debate, and Forensics, and National Ocean Science Bowl has also enhanced my ability to communicate with others. This has also expanded my knowledge both about policy and oceanic science.
