

**Kenai Peninsula School District**  
**APPLICATION for CREDIT BY CHOICE**  
**High School Credit for Middle School Algebra or Geometry**

**STUDENT INFORMATION**

**May 2016**

This Credit by Choice option allows students who completed Algebra or Geometry (with a grade of C or better) in middle school to have the courses added to their high school transcript. The middle school Algebra or Geometry course must have been equivalent in curricular content to a Kenai Peninsula School District high school Algebra/Geometry course.

Upon approval, the credit and grade will be added to the transcript. The grade received for both semesters at the middle school level will be incorporated into the student's high school grade point average (GPA) and will be counted in the determination of class rank and eligibility for both the UA Scholars program and Alaska Performance Scholarship. Transcripts are legal documents and will not be changed once credit is recorded.

This option is open to students currently enrolled in the Kenai Peninsula School District.

<b>Student Name (please print)</b>	<b>Student ID#</b>	<b>School #</b>
<b>Course:</b> Please circle one <b>Algebra</b> or <b>Geometry</b>		
S1 MS grade	S2 MS grade	<b>Approval</b> (Grades will be verified by school official)

---

I understand that Algebra or Geometry taken at the middle school is a high school level class that will appear on my student's high school transcript and count towards their high school grade point average (GPA). I have read all of the information above and wish for my student be awarded credit for the high school level Algebra class that was completed at the 8<sup>th</sup> grade level.
