

Student Lunch Server Permission Form

Food Service has asked if our school would be willing to have student lunch servers/helpers this year. Our school provides many opportunities for our students to volunteer and help in various capacities within the class and the school.

We would like to offer the opportunity for students in grades 4-6 to help with lunch service again.

Student lunch servers would serve lunch from 11:55 a.m.-12:25 p.m. Students who choose to serve lunch would be required to wear a mask during the time they are serving lunch, and would miss a portion of their recess time.

Students must have this permission slip signed and returned to the school office to be considered for helping serve school lunches. We will assign two students each week to act as school lunch servers. If a student is absent or misses their day, an alternate will be selected from the list of available student servers to fill in for the absence.

While we are able to have student lunch servers at this time, we recognize that this could change at district directive.

I give my permission for _____ to serve school lunches between the times of 11:55 a.m.-12:25 p.m..

Please return this form to school. Thanks!
