Spirit of Kindness

Our school is continuing the Spirit of Kindness program (now in its 6th year) to provide assistance for SMCS families in need this holiday season. We have provided a Spirit of Kindness form in the Thursday Folder and also a link for families to sign up on the school website. If you wish to request assistance this holiday season through our Spirit of Kindness program, please complete either of these forms by Friday, November 20th. If you are a family who wishes to help out this year, we ask that you contact the school no earlier than Wednesday, November 23, for fulfilling requests. This program is well-received and a positive event for our school family, as well as a fine opportunity for us to care for each other.

Principal Evaluation

The APC is looking for parent and community feedback to assist them with the principal evaluation. The month of November has been set aside to collect this feedback from parents, students, family members and the community at large. An online survey has been created, and a link to the survey is available on our school website, Facebook page, and has been sent via email through PowerSchool Messenger. Please help the APC with this evaluation process by providing your feedback. The online survey will be available from November 1st to December 1st.

SMCS REAR DOOR

Thank you to our families who have been using our rear parking & door for entering the building. It has been a good change. Please inform any family members who may be dropping off or pick up students during the school day to use the back parking lot and rear door, as well. We have designated SMCS parking spots which make the walk shorter, and we are able to open that door remotely.

SQUARE 1 ART

IT STARTS WITH THE ART!

Students have finished their Square One Art projects, and that artwork is available to have printed on keepsakes or gifts for family. The deadline to order items in time for delivery before Christmas is November 21. Look for Square One Order information in today's folder.

Mr. D's NOTES

Our school presented at the school board this past Monday. We had nine students help present information about our school. The students' presentations were the highlight of the evening, and the School Board members shared how impressed they were with the students' confidence, poise, and the level of initiative they demonstrated for our school. The information they shared represented our school exceptionally well.
