

Voznesenka/Kachemak Selo School

Site Council Meeting Minutes

January 12, 2021

- ❖ **Community and Staff Present-** Ksenia Kuzmin, Michael Wojciak, Frosia Polushkin, Ulita Matveev, Feodora Reutov, Melissa Miller
- ❖ **Welcome-**
- ❖ **2021-22 HOB Calendar-** A copy of the 2021-22 HOB calendar was screen shared and viewed by those participating. The start and end date, along with the recognition that there will be no student Saturday Schools, were the highlights of this calendar. The calendar was given full support and was approved by the Site Council.
- ❖ **Risk Level-** Currently, the Southern Peninsula risk level is holding in the red, but it's no longer pegged at the bottom of the red. If the downward trend in confirmed cases continues, a shift to yellow may be coming soon. However, this will not automatically trigger a switch from the current safety protocols in the southern peninsula schools. The district will investigate several data sources before schools can make changes to their mitigation plans.
- ❖ **Covid/Vaccine updates** – Nurse Melissa Miller talked about national trends, as well as state and local Coronavirus numbers decreasing. She also said that our state is expected to see another spike in cases, which hospitals are prepared to accommodate. Additionally, she talked about the vaccine distribution, sharing that people in the 65 and older age group were allowed to sign up to get their first round of shots. Not all people were able to successfully get signed up because there weren't enough vaccines available. After the 65 and older group is given an opportunity to receive a vaccine, one of the next groups will be teachers who are 50 and older.
- ❖ **Questions/Concerns/Answers-** With such a small group participating any personal questions were addressed during the course of our discussions.
- ❖ **Next Meeting** – TBD
