Dear Parent(s) and Guardian(s):

Recently the Alaska Department of Education & Early Development (DEED) released the 2021-2022 Report Cards to the Public for each school district and school in Alaska. These Report Cards present information about performance for the 2021-2022 school year. During this first administration of The Alaska System of Academic Readiness (AK STAR) assessment, students in grades 3-9 were assessed in English Language Arts and Mathematics. Students in grades 5, 8, and 10 took the Alaska Science Assessment.

To view a 2021-2022 School or District Report Card to the Public, go to <https://education.alaska.gov/compass/report-card>. Once there, you will be able to select which School or District Report Card to the Public you wish to view. This user-friendly website aims to provide families with clear, common information about all public schools and districts in our State. These Report Cards to the public contain data and information about academics, school environment, teacher quality, and more. If you are unable to access the Report Card to the Public online, please contact your student’s school.

With many of our scores not being where we’d like them, we are proud that the report card to the public shows us doing well with our science instruction. Students in 5th, 8th, and 10th grade take the Alaska Science Assessment. Directly below you can see how our school compared to the District and State, which was shared at the last Site Council meeting.

Performance Results Key

The school, district, or state

- △ *did better than* the state standard for proficiency
- ▽ *did not do as well as* the state standard for proficiency
- ≡ *did about as well as* the state standard for proficiency
- *did not attempt any items in this category*

Newly released results show that too few of Alaska students were proficient on the spring 2022 assessments. The Alaska Department of Education and Early Development is taking strategic action to help our students get back on track.

If you have any questions or concerns regarding our School or District Report Card to the Public, please don't hesitate to contact me.
