The Board of Education Policy Committee is charged with regular review and rewrite as necessary of school district policies. The three member committee includes an district level administrative liaison and a principal representative. The committee accomplishes their work specifically through a regular process of reviewing two sections of policy manual each year, reviewing updates proposed by the Alaska Association of School Boards, and reviewing policies which have been called into question or concerns expressed about. Members of the community and staff are included in discussions on specific issues. Once the policy committee completes their review, formatted policy updates are brought forward to the entire board, usually first in worksession format and then through two official readings/action by the entire Board of Education.
