

Dan Gensel
Golden Apple Award Recipient
February 3, 2003

As a former employee of KPBSD, Dan taught and coached at Soldotna High School for nearly twenty years. He retired from teaching in 1999 and since his retirement, he has continued his involvement with the young people of the Kenai. In his second career, Dan has become the sports director for the local radio station, KSRM. He gives daily reports on school athletic events and often features sports highlights and achievements of outstanding individual athletes.

Dan works, conscientiously, to promote and update the public of all peninsula athletic events. His enthusiasm for school sports is evident in his accurate reporting and announcing of athletic events. KSRM could not have found a better person to assume the duties of sports director. Dan is knowledgeable of local school sports programs, coaches and athletic directors, scheduling procedures, and the past history of state and local school sports.

Many people work their entire lifetime and do not find their calling. In both his first and second career choices, Dan has found his perfect niche. His work is greatly appreciated by schools, coaches, parents and students.

Please join us, the members of the school board, in recognizing Dan Gensel as an avid supporter of students and peninsula schools. Dan, your outstanding service to the Kenai Peninsula Borough School District is appreciated.
