

**Nancy Spooner**  
**Golden Apple Recipient**  
**April 5, 2004**

Nan Spooner has been a loyal employee of the Kenai Peninsula Borough School District for 24 years. Nan joined the district as purchasing clerk/typist in 1980; since that time Nan has effectively served in a wide variety of positions including secondary education administrative secretary and administrative secretary for the Assistant Superintendent of Instruction. Since October 2000 Nan has been transportation coordinator.

Throughout her employment Nan has demonstrated a confident and caring attitude. She is highly efficient, dedicated and very attentive to detail. Nan maintains a positive outlook and professional demeanor at all times. Her energy and work ethic are truly commendable.

As Nan has learned the complexities of the transportation position, the rules have constantly changed. Transportation funding has tightened, bus routes have been consolidated and in some cases eliminated, and demands for special needs transportation have increased. Nan can be counted on during those after hour emergencies when our students may be on the road for activities or before school when adverse weather can delay school bus arrivals.

The Kenai Peninsula Borough School District is fortunate to have an exceptional employee such as Nancy Spooner. We, the Board of Education, recognize Nan for her outstanding contributions and service to the District.
