

*Golden Apple Award
Patricia Tilbury
January 11, 2010*

Patty Tilbury is a secretary at Ninilchik School, but she often goes above and beyond her duties to ensure the office runs smoothly for parents, staff and administration. Patty puts in countless additional hours, coming in on weekends and over the summer. When called to come in and work during the Caribou Hills fire during the summer of 2007, Patty did not hesitate to assist as an administrative aide and also as custodial support.

Patty has been employed in our district since 1994. Principal Terry Martin compliments her by saying, "Patty is the very epitome of professionalism, a master at her craft, and a tremendously patient caregiver in her auxiliary roles as counselor, nurse, and confidante to parents and staff alike."
