

## **Peninsula Clarion Golden Apple Award Recipient**

In today's society, it is more important than ever that communities rally behind their local schools and support students and staff members in their activities and achievements. The Peninsula Clarion regularly features student activities and highlights student achievements; positive reporting, such as this, informs the public of the accomplishments of Kenai Peninsula Borough School District students and staff.

The Clarion's willingness to devote an entire section to education, on a weekly basis, also speaks highly of their cooperative relationship with the District. The Back to School issue published each August gives an in-depth view of the Kenai Peninsula Borough School District and also provides much needed information to all parents of District students.

Clarion news reporters are always well informed on the topic at hand and provide the public with a comprehensive view of the latest national, state and local educational issues. Their reporters act in a professional manner while conducting interviews with District administration and always attempt to present their readers with accurate information.

It is for reasons such as these that the Board of Education would like to recognize the Peninsula Clarion as a recipient of a Golden Apple Award. Thank you for your outstanding, and consistent news and event coverage of the Kenai Peninsula Borough School District.
