

Kenai Peninsula Borough School District

CLOSE CONTACT

Monitor, Test, and Stay Protocol

Monitor. Test. Stay in school.

Staff and students who are identified as a close contact have an option to continue attending school or work in the KPBSD if they are symptom free from illness, and follow the KPBSD Monitor, Test, and Stay Protocol

SYMPTOM FREE

Be symptom free from illness (asymptomatic) through Day 10, and isolate at home if symptoms develop

Athletes: In addition, to continue to participate in school sponsored co-curricular activities athletes must also continue Daily Symptom Check Protocols

FACE COVERINGS

Wear a face covering in school at all times through Day 10

Unvaccinated, vaccinated, and people who have tested positive for COVID-19 in the past 90 days.

When close contacts cannot wear a face covering (i.e., when eating or drinking) they should maintain a minimum of 3 feet of distance from others

TEST

Two negative COVID-19 tests

Get an approved Covid-19 test on Day 1 or the first day of return to school, and a second test during Day 5-7.

Covid-19 tests can be administered by KPBSD but will require parental consent

Unvaccinated close contacts should quarantine when not attending school or KPBSD sponsored activities.

When a student or staff member is identified as a close contact in a KPBSD setting, the school nurse, principal, or person who calls will explain the Monitor, Test, and Stay option. Staff and students who choose this option must do all three things—Monitor, Test, and Stay with a face covering.
