Following award of the RFP, the Bid record will then become public information.

N. LOCAL PREFERENCE CONDITIONS

School Board Policy AR 3311 states:

KPBSD intends to give preference to local residents, businesses, contractors, producers and dealers to the extent consistent with the law and best interest of the public.

The district purchasing officer shall purchase from the lowest qualified, responsive, and responsible bidder or business. When bids or quotes are within 5% of being equal, preference may be given to local businesses if it is determined by the superintendent to be in the best interest of the district. For the purpose of this policy, a local business is defined as: any business or company having a physical presence in the borough, registered in the borough to collect sales tax, and locally provides the products and services sought. The 5% policy may be applied to all purchases up to \$25,000.00.

Note: Local Bidder Preference does not apply where the provisions of an applicable statute, regulation, or grant prohibit local bidder preference.

Local Bidder Preference will not be considered in this E-Rate bid.

O. CONTRACTOR'S VIOLATIONS OF TAX ORDINANCES

School Board Policy BP 3311 states:

No contract or purchase order shall be awarded to any individual or business that is found to be in violation of the Kenai Peninsula Borough Code of Ordinances in the several areas of taxation which is not remedied within ten (10) days of notice.

Any contract can be terminated for cause if it is determined that the contractor is in violation of any taxation ordinance and if such violation is not remedied within ten (10) days of notification by regular mail. If the delinquency arises due to non-filing of sales tax, no payment will be made to the contractor until all filings have been made and all amounts due are remitted.

The District will remit any amounts owed by its contractor(s) to the Kenai Peninsula Borough for delinquent Borough taxes against any amount owing to the contractor(s) under a contract between the District and the contractor(s).

P. RESPONSE REQUIRED

Your response, whether you are bidding or not, is our only indication of interest in District business. To assure continued receipt of Invitations when not bidding, return only the cover sheet with the statement “NO BID” on its face and the name of the firm. Continued failure to do so will result in automatic removal of your firm from the commodity listing selected for this RFP. Failure to respond to three (3) bids/Bids may result in being removed from the District’s bid list.

Q. VENDOR SELECTION CRITERIA

1. A committee, consisting of representatives from the Kenai Peninsula Borough School District will review and evaluate proposals determined to be qualified and responsive in order to select the best proposal.
2. The evaluation committee will formulate a numerical score for each proposal submitted based on the following criteria:
3. 3a-g is the evaluation criteria for the following services ONLY: Part 1 Data Services:
 - a. Lowest cost per service proposed. Total cost will take into effect differing criteria for different goods and services. If exact bandwidth tiers are unavailable when comparing two proposals for services delivered at varying bandwidth tiers (e.g. one at 20Mbps and one at 25Mbps), comparisons for the portion of the cost derived from bandwidth levels will be made on a “per-Mbps” cost evaluation. (Lower cost = higher point value) (Maximum score = 20).
 - b. Service Level Agreement (SLA). Points in this category will be awarded based on provisions of the SLA attached to the service proposed. Factors considered include, but are not limited to, metrics such as uptime guarantees, latency/jitter specifications, response time, support access to dedicated Network Operation support, remedies to District for services that fail to perform to SLA, etc. (Higher service level guarantees = higher point value) (Maximum score = 15)
 - c. Value. There is additional benefit to the district by choosing this product or service over competitor. Vendor’s proposal provides higher level of service, additional service, higher bandwidth, more optimal network hub delivery location, advantageous contract terms, or some additional benefit deemed of value as determined by the committee. (Higher value to district = higher point value) (Maximum score = 15)
 - d. Lowest Implementation Cost to School District. Cost to District of implementing this proposal. Estimated employee or other cost to implement this service provider will be considered. General ease of implementation. (Lower implementation cost = higher point value) (Maximum score = 15)
 - e. Technical/Logistical Feasibility. Demonstration by respondent that solution is technically feasible. Upon request, provider is able to demonstrate that solution has, at minimum, passed preliminary evaluations for engineering, permitting, or other regulatory concerns, and the proposed solution is technically and logistically feasible. (Maximum score = 15)
 - f. Previous Satisfaction with vendor. General rating of District experience with vendor, including processes, services, staff, and billing systems. (Highest satisfaction = highest point value) (Score -5 to +5)
 - g. Service is fully E-Rate subsidized. Service with the least ineligible cost allocation or with the least ineligible taxes or fees is desirable. It can be time-consuming and costly to remove ineligible taxes and fees buried in invoices. (Less ineligible = higher point value) (Maximum score = 5)

R. CERTIFICATION

1. By submission of this proposal the bidder certifies:

- a. The bidder has not paid or agreed to pay any person, other than a bona fide employee of your company, a fee or brokerage resulting from the award of this contract.
- b. The prices quoted in this proposal have been arrived at independently, without consultation, communication or agreement, for the purpose of restricting competition as to any matter relating to such costs with any other bidder.
- c. The bidder will comply with all applicable legal provisions as set forth in the Alaska Statutes, as well as all federal, FCC E-Rate program, state, borough and school district regulations, and understands these provisions are part of any contract awarded to them.

S. IMPLEMENTATION OF SERVICE

The successful bidder is not to deliver equipment or service prior to July 1, 2023 and not without written notification from the district to order equipment. Such notification may depend on successful E-Rate funding award. For purposes of E-Rate, services shall be invoiced via the Form 472 BEAR process, unless otherwise mutually agreed by both the Kenai Peninsula Borough School District and service provider.

T. CONTRACT TERM

1. It is the intent of the Kenai Peninsula Borough School District to enter into agreements for services commencing July 1, 2023 and ending June 30, 2024. Longer terms may be possible if so stated on the specification sheet describing the service.
2. If the bidder requires the District to sign a specific contract, then a copy of the contract **MUST** be included with the proposal. (At minimum, a **DRAFT** copy of the contract).
3. A contract will not be entered into unless the vendor has a FCC Service Provider Identification Number (SPIN) and a current Service Provider Annual Certification (SPAC) Form 473 filing.

U. INVOICES/PAYMENT

1. For those purchases generated by a purchase order, the purchase order number must be on all invoices to ensure fast processing. Invoices shall be submitted to the Kenai Peninsula Borough School District, Accounts Payable Department, 148 North Binkley Street, Soldotna, Alaska 99669.
2. Payment will be made only after submission of proper invoices as required by the District and within applicable state law.
3. Payment of any invoice shall not preclude the District from making claim for adjustment on any item or service found not to have been in accordance with general conditions and specifications.
4. Invoices must accurately reflect services delivered and must be submitted for payment in the proper E-Rate year. The vendor must act in such a manner so as not to disallow the district the opportunity to file for E-Rate subsidy.

V. AWARD

This RFP will be awarded Line by Line unless otherwise noted in the specifications.

SPECIFICATIONS COVER SHEET

The Kenai Peninsula Borough School District is requesting competitive proposals for Telecommunications Services under the FCC E-Rate program under RFP# 121-23.

This Request for Proposal not only seeks pricing on goods or services but the information contained in the vendor proposal is designed to provide us with necessary information required for the district's Funding Year 2023 E-Rate application. After proposals are opened, vendors may be contacted for clarifying information or requested to provide additional information, if necessary, for bid comparisons or E-Rate applications. Inability to provide the necessary information, including your SPIN number, in a timely manner may be cause for disqualification.

Pursuant to USAC/FCC regulation, we expect pricing consistent with the "Lowest Corresponding Price (LCP)" rules, defining LCP as the lowest price that a service provider charges nonresidential customers who are similarly situated to KPBSD, the applicant, for similar services.

Unless otherwise specified, the specification sheets are designed for you to just write your prices in the "Cost per Unit" column, write any installation costs associated with the service in the "Non-recurring" column, and enter N in the "enter N in the cell if Not eligible for E-Rate subsidy" column (this is column only provided on services where ineligibility is potentially an issue).

Vendors who have previously not followed proper E-Rate procedures in dealing with the District, USAC, or the FCC may be disqualified.

If we are not able to independently confirm at time of award we may ask the successful bidder to provide documentation verifying that:

Successful bidder has a current Service Provider Identification Number in the FCC E-Rate Program.

Successful bidders have a current SPAC Form 473 on file with USAC.

Successful bidders can provide verification that your company is not in violation of the federal Anti-Deficiency Act (not on the FCC Red Light List).

We anticipate requiring reimbursement through the BEAR Form 472 on all E-Rate transactions but reserve the right to elect SPI (Service Provider Invoicing) if so desired by KPBSD. Providers unwilling or unable to support both billing methods may be considered non-responsive.

In the event that a substantial change to the Request for Proposal is necessary, the 28-day E-Rate competitive bidding timeframe may start over and that could then extend the closing date of the RFP. Such a circumstance will be noted in the Addenda on the website.
