### ADDENDUM #1

February 12, 2025

TO: ALL PROSPECTIVE BIDDERS

SUBJECT: INVITATION TO BID, #113-25 Technology Equipment

DUE: 4:00 P.M. Alaska Time, March 5, 2025

The following changes, additions and clarifications are hereby made to the subject Invitation to Bid:

Question received:

**Q: If the Dell Chromebook 3110 is not available, will you accept bids for the replacement model, Dell Chromebook 3120?**

A: KPBSD would prefer proposals that match specifications provided exactly. However, in the event a base model is discontinued by the manufacturer and replaced with a newer model in the same product line as part of a product refresh cycle, and quoting the specified model is no longer possible, KPBSD will accept proposals for the replacement model. Replacement models must be of the same product line and configured as close as possible to the specifications provided in ITB 113-25. Minor deviations due to component updates (such as revisions to CPU generation) are expected, but core configuration such as memory amount, hard drive size, and screen configuration should be matched as close as possible given the new model's configuration options.

NOTE TO BIDDERS: Please sign and return one (1) copy of this sheet with your Bid to acknowledge receipt of Addendum #1 INVITATION TO BID: #113-25
