Scholarship History

Nancy Muir was the only one of twelve children in her family to pursue post secondary education, graduating in 1968 from Church Home & Hospital in Baltimore, Maryland as a Registered Nurse. With limited financial assistance available, summer jobs and babysitting helped close the financial gap.

What was to become a forty year career began at John Hopkins Hospital in OB-GYN surgery. Experience in ICU & CCU units soon followed, but the environment within the surgical theater proved most rewarding. Experience gained in general surgery progressed to major orthopedic procedures before promotion to open heart room supervisor at Los Robles Hospital (HCA) in Thousand Oaks, California.

This privately funded Scholarship is available to graduating seniors with a minimum GPA of 3.0 and limited financial resources. The \$12,000 total award will be funded in mutually agreed upon increments over one or more years. In addition to financial need, the applicant will also have a history of community volunteer service. Three (3) letters of recommendation are to be submitted with the application from:

A member of your high school faculty or staff.

An influential member of the community.

A mentor familiar with your volunteer history & nursing goals.

Official high school transcripts and a maximum two page personal essay are also to be included.

PURPOSE

A shortage of nurses exists in local communities. The Muir Family Trust Scholarship is intended to promote, encourage and fund a career in nursing.
