# Words of Wisdom

## Farming taught me a lot...

- Attention to detail makes all the difference, whether it's plowing a field, building a fence, or teaching a calf to drink out of a pail.
- Cows expect the same fair treatment day after day, no matter how you feel or what has happened before you enter the barn.
- Anyone can farm, but not everyone is a farmer.

# Thanks

**Have an excellent year and move forward together!**

**“We don’t get a chance to do that many things, and every one should be really excellent. Because this is our life. Life is brief, and then you die, you know? And we’ve all chosen to do this with our lives. So it better be darn good. It better be worth it.”**

**–Steve Jobs**
